

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

RULES OF ORDER

1. The daily sessions of the Convention shall be opened with Divine Service, beginning at 10 o'clock A. M.

2. The Convention, upon its first assembling, shall be called to order by the Bishop, or if there be no Bishop, or if he be absent, by the President of the Standing Committee or by some member of that body appointed by those of its members who may be present.

3. When the President takes the chair every member shall take his seat and remain uncovered until he shall have left the Convention.

4. The names of the Clergymen entitled to seats shall be called over by the Secretary of the last Convention, or in his absence by some one appointed by the Bishop, or other person who called the Convention to order. The said call shall be made from a roll furnished by the Bishop or other ecclesiastical authority of the Diocese, which roll shall be evidence of the right of such Clergymen to seats until the Convention shall have formally acted upon that question. The Secretary shall then call a provisional roll of Lay delegates, prepared from the certificates which have been received from the vestries. The Lay delegates whose certificates have not already been forwarded to the Secretary shall then lay their certificates upon the table, with the declaration subscribed as required by the Constitution. The Secretary shall then call these additional names, if required by the Chair, or by any member. In calling the roll of the Clergy and Lay delegates the surname only—with the prefix of "Mr."—shall be called, except where there may be two, or more, of the same name, in which case they shall be designated by the addition of their Christian names. If a quorum of both orders appear, the presiding officer shall announce the fact, and declare that the Convention is organized and ready for business.

(xxxix)

5. In case of the absence of the Bishop, or of a vacancy in the Episcopate, the person who called the Convention to order shall announce that there is a quorum present. The Convention shall then proceed to elect a President according to the Seventh article of the Constitution; who shall, so soon as his election is completed, take the chair and declare that the Convention is organized and ready for business.

6. The first business after the declaration is made, either by the Bishop or the President, shall be the election of a Secretary. The Chair shall then appoint an Assistant Secretary and the Committees mentioned in the Order of Business (No. III). The Chair shall also appoint all other Committees for the appointment of which no other provision is made, unless otherwise ordered by the Convention.

7. When any member is about to speak or deliver any matter to the Convention, he shall arise, and, with due respect, address himself to the President.

8. If two or more members shall arise at the same time to speak, the President shall decide who shall speak.

9. No member shall speak more than twice in the same debate, nor longer than fifteen minutes at one time, without leave of the Convention.

10. No motion shall be debated until the same be seconded, and, if desired by any member, reduced to writing and read by the Secretary.

11. When a motion is made and seconded, no other motion shall be received, except to adjourn, to lay on the table, to postpone to a certain time, to postpone indefinitely, to commit or to amend; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay on the table an amendment be carried, the matter before the Convention shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order, if the mover has the floor.

12. When a proposed amendment is under consideration, a motion to amend the same may be made. No after amend-

ments shall be in order, but a substitute for both amendments may be received, which, if adopted, shall operate as an amendment to the original proposition. No proposition on a subject different from the one under consideration shall be received under color of an amendment or substitute.

13. If a question contains several distinct propositions, the same shall be divided at the request of any member, and a vote taken separately, except that a motion to strike out and insert shall be indivisible.

14. All questions of order shall be decided by the President, without debate; but any member may appeal from such decision, and on such appeal no member shall speak more than once, without express leave of the Convention.

15. When any member arises to a point of order, the member who has the floor shall take his seat until the point of order is decided by the Chair.

16. A question being once determined, shall stand as the judgment of the Convention, and shall not be again drawn into debate during the session, except with the consent of two-thirds of the Convention, upon a motion to reconsider made by a member who voted with the majority and seconded by a member who also voted with the majority.

17. No question shall be taken on any report unless upon a motion to print or recommit it; but reports shall, as of course, lie upon the table. If a Committee deem any action of the Convention desirable, it shall be its duty to present in writing such Resolutions, Acts or Canons, as it may think it should adopt, which only shall be subject to the action of the Convention. Every act which divides a Parish, or in any way affects Parish boundaries, shall distinctly set out the new boundaries which it is intended to establish. The Convention will not act upon any proposed Resolution, Act or Canon which is not conformed to the provisions of this rule.

18. All elections shall be by ballot, unless otherwise ordered; the votes of the Clergy and Laity shall be received and counted separately; but the vote shall be regarded as a joint one, and

the election shall be decided by a majority of the whole number of votes taken together, except where a vote by orders shall be required under the provisions of the Constitution.

19. When a joint ballot is taken, the procedure shall be as follows: The President shall appoint two tellers on the part of the Clergy and two on the part of the Laity. The Secretary shall then call the roll and the tellers shall collect the votes. After the clerical and lay votes shall have been counted by the respective tellers, the teller first named by the Chair shall combine them in one joint ballot, which he shall present to the Convention, reading out the names of the persons voted for, the number of clerical and lay votes for each separately, and the sum total of votes received by each person. The Chair shall then state to the Convention the result of the joint ballot.

20. The Convention, after Evening Prayer, on the first day of each annual session, shall consider the subject of Missions.

21. A majority of two-thirds of the members present shall be required to suspend any Rule of Order or make any change in the Order of Business; but "Orders of the Day" may be intercalated in the Order of Business by a majority vote.

22. "Roberts' Rules of Order" shall be the parliamentary guide in all cases not provided for in the foregoing rules.

23. The foregoing Rules of Order, together with the Order of Business hereto annexed, shall be deemed the Rules of Order for all future Conventions until altered or rescinded, and the same shall be published in the Journal of each Convention.

JOURNAL OF PROCEEDINGS

THE ONE HUNDRED AND THIRTY-SIXTH ANNUAL CONVENTION of the Protestant Episcopal Church of the Diocese of Maryland assembled in the Church of St. Michael and All Angels, in the City of Baltimore, on Wednesday, the twenty-eighth day of January, A. D. 1920.

The services were begun with the office of the Holy Communion, which was said by the Bishop, the Epistle being read by the Rev. William Meade Dame, D. D., and the Gospel by the Rev. Philip Cook, D. D.

The Holy Communion was administered by the Bishop, assisted by the Rev. Peregrine Wroth, D. D., the Rev. Edward T. Helfenstein, D. D., the Rev. Douglass Hooff, and the Rev. Harold Noël Arrowsmith.

Divine Service being over, the Bishop called the Convention to order.

The Secretary of the last Convention then called the roll of Clergymen entitled to seats in the Convention from the list furnished by the Bishop, and seventy answered to their names.

The names of the Lay Delegates, who had previously presented certificates of election to the Convention and who had signed the Declaration, being called, forty-two answered to their names.

A quorum of both Orders being present, the Bishop declared the Convention duly organized and ready for business, and that the first business in order was the election of a Secretary.

The Rev. William Meade Dame, D. D., nominated Mr. A. de R. Sappington, and on motion the ballot was dispensed with and Mr. Sappington was elected Secretary.

The Bishop then appointed the Rev. John George Carl, Assistant Secretary.

The Bishop then appointed the following Committees:

(1)

1. *On the Rights of Clergymen to Seats.*—The Revs. Smith Hilton Orrick, Theodore S. Will and William O. Smith, Jr.

At 12 M. Prayers for Missions were said by the Bishop.

Mr. T. J. C. Williams presented the following resolution, which was seconded by the Rev. Arthur B. Kinsolving, D. D., and was unanimously adopted by a rising vote:

Resolved, That the Right Reverend John Gardner Murray, Bishop of Maryland, having now presided over this Convention for ten sessions and having administered the affairs of this Diocese for ten years, the time is appropriate to give expression to the appreciation of this Convention of his uniform fairness, courtesy and ability as presiding officer of this Convention, and to congratulate him and the Diocese upon the success of his administration. In the ten years of his Bishopric there has been peace and progress in the Diocese because the Bishop has ruled in the spirit of Wisdom and Understanding, the spirit of Counsel and Ghostly Strength, the spirit of Knowledge and True Godliness; because he has been adorned with innocency of life and human sympathy, and that both by word and deed he has faithfully served in his office to the glory of God and the well-governing of the Church, and his influence for good as a Christian man and a citizen has extended far beyond the borders of his Diocese. May God have him in His holy keeping and greatly prolong the years of his life and usefulness.

The Rev. George Freeman Bragg, Jr., D. D., presented the following resolution, which was adopted:

Resolved, That the daily session of the Convention be from 10 A. M. to 1 P. M., and from 2 P. M. to 4 P. M., and again at 8 A. M.

Mr. Joseph Packard, on behalf of the Committee on the Reorganization of the Archdeaonries, presented the following amendment to Canon VIII, which was referred to the Committee on Canons and Other Business, with the request that it report immediately after recess:

FROM THE JOINT COMMISSION ON THE REORGANIZATION OF THE
ARCHDEACONRY SYSTEM.

Resolved, That Canon VIII be and is hereby repealed and re-enacted to read as follows:

CANON VIII
OF THE EXECUTIVE COUNCIL.

SECTION 1. At the Annual Convention in the year 1920, and in each year thereafter, the Convention shall elect, upon the nomination of the Bishop, and in the event of a vacancy in the Episcopate upon nominations made on the floor of the Convention, six Clergymen and six Laymen who, together with the Bishop, and the Bishop Coadjutor, if any, and the Suffragan Bishop, if any, shall constitute and be the Executive Council of the Diocese.

One of the six Clergymen and one of the six Laymen so elected shall be ineligible for re-election at the Annual Convention next succeeding, and shall remain ineligible for service as members of the Executive Council for a period of one Convention year.

The Executive Council, prior to each Annual Convention, shall, by lot, or by such rule as it may provide, determine which two of its members shall be ineligible for service as members of the Executive Council during the succeeding Convention year.

SEC. 2. The Bishop shall be the President of the Executive Council. Vacancies which may occur in the Executive Council, when the Convention is not in session, by reason of the death, resignation or removal from the Diocese of any of its members, may be filled by the Executive Council; the Bishop, if there be no vacancy in the Episcopate, having the right to nominate for any such vacancies.

SEC. 3. The Executive Council shall annually elect a Treasurer and a Secretary and from time to time prescribe their duties and fix their compensation; and it may from time to time fill vacancies, select and appoint other officers and agents and fix their compensation and duties. The Executive Council shall make and preserve a full record of all its acts and shall have the right to adopt By-Laws, Rules and Regulations for its government, and the government of its various officers, agents and departments.

SEC. 4. The Executive Council shall have charge of the development and prosecution of the work of Missions, Church Extension, Religious Education and Christian Social Service, and of the performance of such other work as may be committed to it by the Convention, and also of the initiation and development of new work between the sessions of the Convention. It shall also have charge of all receipts and disbursements provided for under its budget or by resolution or authority of the Convention.

SEC. 5. The Executive Council shall organize the following Departments and determine the scope of the work of each Department, and provide the manner and means by which the same shall be conducted:

First: A Department of Missions and Church Extension.

Second: A Department of Religious Education.

Third: A Department of Christian Social Service.

Fourth: A Department of Finance.

Fifth: A Department of Publicity.

APPENDIX ONE

THE BISHOP'S ADDRESS

(Journal, p. 2.)

*My Dear Brethren of the Clergy and Laity
of the Diocese of Maryland:*

Grace, Mercy and Peace be unto you from God the Father and our Lord Jesus Christ.

Once again it becomes my duty to report to you my official acts and to submit to you a survey of our diocesan life and its activities. The account I shall accordingly render covers a period of fifteen months, beginning October 1, 1918, and ending December 31, 1919.

As heretofore annually, so also during these fifteen months, I have visited all congregations in the Diocese officially and have been with many of them on numerous different special occasions. I have also been in every public institution in which we minister, or hold religious services. By the gracious goodness of God I have again been able to keep every official engagement as scheduled and so have an unbroken record in this respect for the ten and one-quarter years of my Episcopate. Of this kind Providence I am duly appreciative and for it profoundly grateful.

My Journal for the fifteen months is herewith submitted. It shows confirmation services, public 183, private 17; persons confirmed, 1,317, of whom 590 were males and 727 females—86 being colored; sermons 191; addresses, 104; celebrations of the Holy Communion, 100; baptisms, 9; burials, 13; marriages, 5; Postulants received, 6; Postulants admitted Candidates, 8; Candidates made Deacons, 2; Deacons ordered Priests, 5; special licenses, now active, renewed to 5 clergymen not canonically resident; lay reader's licenses, now active, issued or renewed to 76 persons.

Fourteen clergymen were received from other dioceses or districts by Letters Dimissory, viz.:

November 3, 1918, Robert Kell, from the Diocese of Ohio.

December 8, 1918, Wm. W. Brander, from the Missionary District of New Mexico.

December 18, 1918, R. C. Cowling, from the Diocese of Virginia.

April 3, 1919, Leon P. F. Vauthier, from the Diocese of New York.

April 12, 1919, John Gibson Gantt, from the Diocese of Delaware.

April 19, 1919, J. F. Burks, from the Diocese of Southern Virginia.

April 24, 1919, Simeon Arthur Huston, from the Missionary District of Wyoming.

June 6, 1919, Robert E. Browning, from the Missionary District of New Mexico.

June 16, 1919, H. P. Almon Abbott, from the Diocese of Ohio.

July 15, 1919, Roger A. Walke, from the Missionary District of Kyoto.

November 3, 1919, Robert Alexander Brown, from the Diocese of New Jersey.

November 8, 1919, George C. Shaw, from the Diocese of Washington.

November 18, 1919, John Knox Tibbits, from the Diocese of New Hampshire.

December 1, 1919, Franklin E. Hauck, from the Diocese of Ohio.

Eight clergymen were transferred to other dioceses or districts by Letters Dimissory, viz.:

December 4, 1918, Arthur D. Appleton, to the Diocese of New York.

December 14, 1918, Arthur Josiah Torrey, to the Diocese of Washington.

March 4, 1919, Charles E. Shaw, to the Diocese of Ohio.

May 16, 1919, Stephen E. McGinley, to the Diocese of New York.

August 27, 1919, E. Pinkney Wroth, to the Diocese of Washington.

September 24, 1919, S. Taggart Steele, Jr., to the Diocese of New York.

October 25, 1919, Charles E. Crusoe, to the Diocese of Washington.

December 15, 1919, Edward Dering Evans, to the Diocese of Exeter, England.

One clergyman, Peter F. Lange, was deposed.

Beginning last Convention year we had 121 clergymen in canonical connection. Since then we have added 14 by Letters Dimissory and 2 by Ordination. We have lost 8 by Letters Dimissory, 2 by death and 1 by Deposition. So we now have 126 diocesan clergymen in canonical connection—1 Bishop, 124 Priests and 1 Deacon. Of this number 26 are non-parochial, 9 of whom have a seat and vote in this Convention in accordance with Article 2 of the Constitution.

Of the parochial clergymen 4 have been canonically resident less than six calendar months, and therefore are without seat and vote in this Convention. The Official List, herewith furnished, designates 105 clergymen with seat and vote.

The Postulants admitted Candidates were:

We have 76 Lay Readers, 4 Probationers for Postulancy, 3 Postulants and the following 14 Candidates for Priest's Orders:

Alexander K. Barton,	Rush Wiley Smith,
Samuel Moor Shoemaker, Jr.,	Victor S. Ross,
Harry Graham Bragg,	Cornelius R. Dawson,
Edmund L. Gettier, Jr.,	Herbert E. Catlin,
Edmund B. Trotman,	Theodore N. Barth,
Maurice J. Kendall,	Henry P. Veazie,
Reginald R. Genois,	Paul Hartzell.

The following clergymen have authority to officiate under Special License:

A. DeR. Mears,	E. H. Brosius,	William Schouler.
Edwin C. Alcorn,	Chester M. Smith,	

Two clergymen died during the year—the Rev. Wm. G. Cassard, Chaplain in the United States Navy, and the Rev. G. Mosley Murray.

Mr. Cassard was born in Baltimore in 1864, and educated in Washington, D. C. In 1885 he entered the Ministry of the Methodist Church South; later, however, changing to the Methodist Episcopal Church, in which he served until 1903, when he became a Candidate for Orders in our Church. He was made Deacon in 1905 by Bishop Brent, and ordained Priest in 1907 by Bishop McVickar. His connection with the Diocese of Maryland was entirely due to his residence as Chaplain at the Naval Academy in Annapolis, from February, 1914, to September, 1915. During his entire tenure of office there he was diligent in his efforts for the welfare of the affairs of the Diocese and in every way was most worthy and effective in the discharge of the duties of his office and ministry. He retained his canonical connection with us until the date of his death at Newport, R. I., on Sunday, June 29th, last.

The Rev. G. Mosley Murray was born in London, England, February 6, 1853, and came to America in 1872, settling near Staunton, Va., where he established a college preparatory school for boys. His attention, however, was soon directed to the Ministry of the Church, and after completing his theological studies he was ordained Deacon in 1884 and Priest in 1885, in Trinity Church, Staunton, by Bishop Whipple. For nine years he remained in Virginia, during which time he ministered in churches at Luray, Port Republic and Rapidan, respectively. He then went to Lee, Massachusetts, as rector of St. George's Church, where he continued five years and then came to Baltimore as rector of what was then Henshaw Memorial Church. After five years service there he accepted the rectorship of Grace Church, Elkridge, where he continued for three years, when he resigned to become our Diocesan General Missionary. This office he filled most acceptably until it was vacated by the election of a Bishop Coadjutor in the year 1909, when he accepted a call to the rectorship of St. Mary's Church, Fort Smith, Arkansas. While there he also served as

Dean of the diocesan theological school and personally prepared three young men for the Ministry. The southern climate impairing his health, after two years in Arkansas he returned to Maryland and became Rector of St. Bartholomew's Church, Baltimore. Here he had a successful ministry of about eight years, until he was compelled to give up active work on account of ill health, the last of October, 1918, and took temporary ministration as missionary under the direction of the Bishop. In this capacity he rendered valuable service as special preacher to soldiers and sailors in Christ Church, Baltimore; as Minister in charge of the work at Bay View, which had always possessed great interest for him, and by filling temporary vacancies in missionary parishes. The illness which wholly incapacitated him began on December 18, 1918, and terminated February 15, 1919, when he departed this life to enter upon the life eternal, having finished a good work and leaving behind a blessed memory, and a most noble example as a faithful minister of the Word of God, and a loyal Priest of the Church.

(Let us Pray.)

NATION-WIDE CAMPAIGN AND PRESIDING BISHOP AND COUNCIL.

The session of the General Convention held in Detroit last October was epochal and historical. Most notable work was done with relation to various important affairs. Two outstanding features of completed accomplishment are of special interest to us because of their relation to our diocesan matters.

First, the official approval and launching of the Nation-wide Campaign for the more abundant life of the universal church, and second, the creation of the Presiding Bishop and Council for greater efficiency in the administration of all church work, temporal and spiritual.

Here in our Diocese we have been diligent in adopting the plans of the campaign and loyal in universally prosecuting them to the successful accomplishment of laying a present foundation upon which to build a future great structure.

As never before, we have been aroused to a consciousness of our ability and resources, and thus have found ourselves to a degree that has not only increased our self-respect, but also has strengthened our faith in God, and brought us infinitely nearer to each other in mutual sympathy, admiration and esteem.

Words fail me to express my appreciation of the intelligent, consecrated work done by the committee in charge of this notable undertaking, my gratitude to the clergy, vestries and advisory boards of our congregations for their earnest, willing co-operation and the sacred joy I have found in the generous response of our people to this call of God to them to do Him supreme honor and exalt to high dominion His throne. For human welfare we must lose nothing of that which we thus have gained. For divine glory we must continue and multiply our united endeavor until we shall have realized the full accomplishment of all the possibilities of our resources and powers. To this end we shall have a permanent organization and all together work and pray.

Regarding the Presiding Bishop and Council, five years ago, I suggested to our Convention a similar diocesan organization, and the matter was referred to a joint commission comprising our Standing Committee and Committee of Missions. While no definite results materialized, the Commission was kept alive until the last Convention, when on my motion the Trustees of the Cathedral Foundation were added to it. These three

bodies a few weeks ago met in joint session and agreed upon a Canon which will be presented to this Convention for consideration and adoption. It has my full approval and I sincerely hope and pray it may be your will to enact it.

DIOCESAN OFFICES.

For several years I have felt that our diocesan headquarters should be more centrally located in the current life of the city. All life belongs to Jesus Christ, and His Church should be supreme in temporal no less than spiritual affairs. The executive agencies of that church should domicile themselves officially among community activities and institutions. They should be easily accessible for communication and conferences, not only upon the subject of religion, but also upon all questions of morals and human welfare. In addition to this in general, our need has been most emphatically evident in particular during the past few months in connection with the affairs of our Cathedral and Nation-wide Campaign undertakings.

True, through the gracious courtesy of Mr. J. Arthur Nelson, President of the New Amsterdam Casualty Company, we were furnished an office, rent free, for our Nation-wide force; and Mr. Albert G. Towers, President of the Title Trust and Guarantee Company, was equally kind in granting us the use of a room for our Cathedral rally, but both cases were possible only because the premises were then, providentially for us, untenanted, a situation most unusual and unlikely to happen coincident with such need again.

As I have stated, our Nation-wide organization must be continued. We have many communicants yet to convince and convert, and even those of us who have been born again can only preserve and promote our new existence by continued exercise and activity. Our Cathedral project is just getting under way. We must also push that forward to a satisfactory goal. And when both these objects shall have been blessed with a reasonable realization of full accomplishment, the result will be that we shall have a larger place to fill than now in every relationship and a greater continuing duty then to perform for both God and man.

I felt we should secure the proper administrative vantage ground for now and then. And so I sought the advice and counsel of members of the different continuing bodies of this Convention in common conference together, and obedient to their unanimous request began search for a down-town location, with the result of securing the building 409 North Charles street, formerly occupied by the Catholic Club.

This building, both in location and adaptability, is well suited for our purpose, and the price paid for it, \$42,000, free of any commissions and including furnishings, was not exorbitant. We hope to house all our forces in comfortable offices, and, in addition to splendid recreation facilities in the way of billiards and bowling alleys, we will have a most

desirable room for chapel and assembly purposes. We are endeavoring to accomplish the removal of our Library to a fireproof building where the service it will render will be greatly augmented by more universal community use and where it will be safely housed until the erection of the building on the Cathedral Grounds for its permanent location. By the sale of the Madison Avenue property and an appropriation from the Nation-wide Fund, we should realize a sum sufficient to pay for the Charles street house. I ask that this Convention order such sale, approve said purchase and authorize a loan, if necessary, to consummate it.

THE CHURCH OF THE MESSIAH.

And now I pass from this matter of the establishment of down-town diocesan headquarters to the consideration of what may seem to some inconsistent therewith in principle and derogatory thereto in practice. I mean the removal of the Church of the Messiah from its present old site to some future new one.

The action taken in connection with this matter is of such importance that the reasons influencing those responsible for it should be given for present enlightenment and recorded in the Journal of this Convention for future information and reference. The simplest and most comprehensible way to accomplish this is to present to you now my report to the Standing Committee when I sought "Advice and Consent" therefrom. Let me preface this report, however, by saying that I had the petition for consent to sell under advisement more than three months. During that time I sought and got the views of many clergymen and laymen, canvassed the matter by personal survey and through the agency of interested and disinterested experts, and as the result of it all was myself converted from reluctance to the sale to willingness for it. I could not escape the conviction that by granting consent I was discharging my duty to the diocese as first consideration, no less than to the petitioners, whose interests as a unit member of the body I held secondary and subservient to the welfare of the whole.

In my investigation and conference, it was natural I should find on both sides of the question some who talked first and thought afterward—even some who continue to talk and have not begun thinking yet—and also those who thought first and then talked. Upon the judgment of the latter I have most fully relied and now to all, whether for or against the action I have taken, submit the reasons for my decision in the form of my address to the Standing Committee.

January 10, 1920.

To the Standing Committee of the Diocese of Maryland:

The building on the southwest corner of Gay and Fayette streets has been used by the congregation of the Church of the Messiah "solely for Divine Worship" for a period of about fifteen years, and consequently, notwithstanding it has never been consecrated, cannot be encumbered or alienated "without the previous consent of the Bishop, acting with

the advice and consent of the Standing Committee of the Diocese." (See Canon 47, Section II, of the Constitution and Canons of the General Church, Edition 1916.)

The congregation desires to sell said building and the lot of land upon which it is located, and the Rector and Vestry have made petition to the Bishop for the necessary canonical consent to make such sale.

Several outstanding features figure in any adequate consideration of this petition.

First: The Church of the Messiah is, and for many years has been, a self-supporting congregation in union with the Convention. It has always met all its parochial obligations, and, in addition thereto, has also contributed its full pro-rata share for Diocesan and General Church purposes.

Consequently it is entitled to the same rights and consideration as other congregations of that class, in any petition made by it to the Ecclesiastical Authority.

Before the present petition could be properly presented, however, certain other bodies had to be consulted, and their consent obtained.

The title to said property is not vested in the Rector, Wardens and Vestry of the Church of the Messiah, but in a body of Trustees wholly separate therefrom, and the nature and condition of this Trusteeship are such that the consent of the Vestries of Christ Church and Grace and St. Peter's Church is necessary for the legal sale and alienation of the property.

Due cognizance of all this has been taken by the petitioners and their petition is accompanied by the duly certified consent of both of said Vestries, in each case the canonical prerogative of the Bishop and Standing Committee being recognized and its exercise invoked.

The petition, therefore, is before the Bishop regularly in proper canonical form, and is to be considered on its merits according to the rights of the class to which the Church of the Messiah belongs.

Second: No congregation has rights or liberties the enjoyment or exercise of which would in any measure or manner constitute a disregard of the relation it maintains to the Diocese and a neglect of the obligations growing out of that relationship.

Consequently, in the matter of this petition there must be due observance of diocesan no less than parochial welfare. I have, accordingly, endeavored to have the following questions answered to my satisfaction:

(a) Is the present location of the Church of the Messiah now so residentially remote from its membership as to endanger the continued life of the congregation as such, and would its removal to some other part of the city, or suburbs thereof, contribute to the preservation of that life and the increased accomplishment of its endeavor?

(b) Would it be detrimental to the Diocese to have this congregation deteriorate to the class of a dependent mission with all the conditions of decline incident thereto and absolutely without hope of future growth or improvement as a parochial body; and would it be to the interest of the diocese, from the viewpoint of the Diocesan and General Church profit accruing from parochial vigor, strength and ability, to have this congregation move to a residential field of need and opportunity where it might continue its work under the power of the momentum of its past successful accomplishment?

(c) Is such a field available?

A satisfactory answer to the first question I feel can best be furnished by the petitioners themselves. Indeed, they alone are possessed of the personal knowledge necessary for competent testimony. Their answer is positive and affirmative. They say that the members of the congregation are living so remote from the church that attendance upon the service is very small and uniformly diminishing with noticeably increasing rapidity; that the financial support of the work is furnished largely by a few individuals; that these individuals are gradually passing to their reward and no successors are coming forward; that the younger generation (especially the children) are affiliating with the congregations in the vicinity of their residence and that there is no other source sufficiently near to furnish recruits either for the Sunday School or other church organizations of young people; and that, as a natural result of it all, the disintegration of the congregation as an active unit member of the Diocese is inevitable in the near future.

They further say that, on the other hand, there is yet a sufficient number of faithful members so full of desire to preserve the Corporate existence of the congregation; to perpetuate its good name on the records of the Diocese; to continue its worthy work as an active contributing factor in every relationship, that with the proceeds of the sale of the present property they could and would locate themselves, either in combination with some already established congregation requiring assistance for proper development of its work, or in some available new, unoccupied field, and thus not only be able to equal but exceed their accomplishment of the past. (I have written statements from the Rector declaring all this to be fact.)

The second question carries its own answer. It would be a diocesan disaster to have this congregation perish and become but a memory in the history of the Church in Maryland; and it would add to the life and power of the diocesan body to have the Church of the Messiah, with its noble prestige and great past success, continue as an active unit member thereof in a field favorable for further accomplishment.

The third question I am as competent to answer as are the petitioners to answer the first. There are available waiting fields inviting just occupancy, three residentially convenient to a large number of the members of the Church of the Messiah, and a fourth more remote from them but offering a splendid opportunity for the profitable use of their capital.

And so, seeking savour of life unto life and not of death unto death for this congregation, it would be wise for it to sell the property in question and move to another location where there is need and opportunity.

Third: In ordinary cases this would conclude the matter, but this is not an ordinary case and again other conditions must be considered.

The relationship of the Diocese to this congregation in the use of the church building has been somewhat unique and quite exceptional. For years Lenten Services have been held there under diocesan auspices, and consequently a certain diocesan significance of a distinctive character attaches to the place and property. Because of this, suggestion has been made that there is a congregational obligation to the Diocese which definitely differentiates this church from others. Rather an unusual conception this, I think, of the compensation due a landlord for the use of his premises, and, while the exceptional situation must not be ignored, I cannot but feel that if it should be deemed necessary for this property to be retained for diocesan purposes, *extra* parochial, the Diocese should purchase it and thus put the congregation of the Church of the Messiah on a parity with the other parishes and congregation of the same class.

In the matter of Lenten Services the relation of the Diocese to the Church of the Messiah is that of debtor, not creditor, and in any event, the sale of the property need not affect the future of such services, inasmuch as there are other facilities available for them.

But still another local feature claims attention. The location of the Church of the Messiah suggests the possible use of it for the religious social service of the community; first, as a medium for the Christian Americanization of the alien residents in that locality; and second, in providing a proper place of resort for church ministrations and social recreation for young men and women—especially the latter—who have come from the rural communities to enter upon city vocations and whose home comforts, conveniences and accommodations are limited to the narrow confines of the lodging rooms in which they live. Both of these objects are supremely the work of the Church and should be so recognized.

With this conviction I have, therefore, made a careful and exhaustive investigation by a survey of the territory and through conference with workers, in both these relationships, and am forced to the conclusion that we could add but little—if any—to what is already being done by other agencies now at work in the proximity of the Church of the Messiah for adult foreigners, and that the real worth-while work of Americanization—that is, the education and Christianization of the children and youth of these alien households—could better be accomplished by us at and from our already established vantage posts at Fells Point and the Memorial Church of the Holy Comforter on the south and east, and the Church of Our Saviour, the Church of the Holy Innocents and St. Andrew's Church on the north and east. St. Paul's Chapel, St. Luke's Church, All Saints' Church, and the Church of the Holy Cross, although more remote, constitute similar agencies on the south and west. (My information in this connection is largely from reports of Mr. Arthur Boehm and the Rev. Dr. Humphries, Superintendent of City Missions.)

The other work appeals to me most strongly, and I shall not be satisfied until our Church has undertaken it somewhere, efficiently. But here, again, I fail to find in the Church of the Messiah, either in location or building and equipment, what seems to me the place or provision essential for the success of the purpose in mind. There are no lodging houses occupied by these young people anywhere near, nor are the adjacent streets thoroughfares for travel or resort upon the part of those whom we would hope to serve.

The building would have to be remodeled for and adapted to its new use at a cost which, added to the present investment, would capitalize the plant at certainly not less than two hundred and twenty-five thousand dollars, or an interest charge of about twelve thousand dollars per annum. For the Diocese to assume such a financial responsibility in the way of experiment, when for not more than half the sum a more satisfactory location could be secured elsewhere, and the work initiated upon a sufficiently extensive beginning basis, would, I feel, be unwise and wasteful.

My purpose has been and is to endeavor to enlist the co-operation of the Girls' Friendly Society in this particular work so soon as they shall have become permanently established in their new home and gotten their bearings and possibilities intelligently in mind. Should this agency fail me I shall persistently seek some other way.

In view, then, of what I have said and more of the same trend I might say my decision is:

First: That the petitioners—on the basis of their plea that unless allowed to sell the Church of the Messiah they must soon cease to exist as a corporate congregation of the Diocese, but if allowed to sell they will

in due time, under the advice and consent of the Ecclesiastical Authority, locate and establish themselves at some other point in the city, or suburbs thereof, and thus not only perpetuate their existence as a self-supporting congregation, but also continue their good work for the Diocese and the General Church—should be granted their petition, provided the sale is made for full value of the property under present existing conditions and the prevailing prices at which adjacent properties are now being sold.

Concerning this latter consideration (with, I think, a full knowledge of the reasonable value of this property) my judgment is that it should not be sold for less than two hundred thousand dollars, or a sum closely approximating the same.

Second: That, while I believe the sum thus stated is not in excess of the value of the property for such ordinary uses as it may be sold, I do believe that it is not for the best interest of the diocese to purchase it for said sum for diocesan uses.

The matter is therefore before you, gentlemen of the Standing Committee, for your consideration and determination. I ask your decision as a Council of Advice, and should the same be affirmative, I shall grant the petitioners consent to sell the property in question, provided the stated sum of approximately two hundred thousand dollars be secured for it, to be used as I have stipulated above, with such reasonable allowance for endowment purposes in the interest of the present Rector of the Church of the Messiah and his family, as the Wardens, Vestry and Congregation of said church may desire.

The Standing Committee then and there gave unanimous advisory consent, and on that same day, Saturday, January 10, 1920, I granted the Petitioners their request for consent to sell the Church of the Messiah upon the conditions I had set forth. On the following Monday, the sale was made for a sum somewhat less than two hundred thousand dollars, but approximately that amount, for the fabric and land only, all memorials and furnishings of whatsoever nature and kind being reserved. Delivery will not be made until after Easter, so that Lenten Services will be held there this year, as usual.

CITY MISSION WORK.

The last Convention committed to the Bishop, the Committee of Missions, the Social Service Commission, and the Trustees of the Cathedral Foundation, the matter of perfecting a plan for City Mission work, with power to act.

At a joint meeting of Committees from these different agencies on March 17, 1919, it was determined to establish such work, and the Rev. Dr. Romilly F. Humphries was appointed to superintend and direct it, his term of office dating from April 1, 1919. Dr. Humphries accepted the appointment and entered upon the duties of the office accordingly. He will present a full report of the conditions he found, the connections he has made and the agencies he has established, at the Missionary Session tonight. You will find this report illuminating and inspiring.

At this same session tonight the Rev. Dr. Helfenstein will inform us of the accomplishment of the Church Extension Society during the term

of his administration as Agent, and furnish a statement of its present financial condition. Here again we shall find occasion for surprise, I am sure, to some and encouragement, I hope, to all.

Another report tonight will prove of universal interest and satisfaction. The Treasurer of the Committee of Missions will show all current obligations met to January 1st, all back debts paid in full, and a credit balance of \$146 for our 1920 budget. This condition obtains in the face of the most active missionary development year, and consequently the greatest financial demand, in our history. You will be gratified to find the same condition prevailing in every financial report presented to this Convention for the past year.

In this connection, and because of the purpose and provisions of our Nation-wide Campaign Fund, I deem it proper to direct attention to the really diocesan missionary work which has been, and is being done by six of our city congregations, under the designation of Parochial Missions.

St. Paul's Church has invested over \$73,000 in fabric and furnishings at St. Paul's Chapel, Columbia Avenue, and contributes about \$3,300 annually for chapel current support. An unpaid balance of \$30,500 for construction account is secured by mortgage on the chapel property and is underwritten by the mother church.

Emmanuel Church provided \$71,000 for the building and equipment of St. Andrew's Church and parish house, East Preston street, and contributes \$3,200 annually to current support there and \$3,000 to the running expenses of the Bishop Paret Memorial Chapel of the Redemption at Locust Point.

Grace and St. Peter's Church paid \$38,000 into the construction and furnishing fund of the Church of the Advent, South Charles street, and supports the current work of that congregation and the Deaf-Mute Mission to the extent of \$3,000 annually.

Christ Church expended \$20,000 for the chapel plant at Fells Point and last year spent \$4,644 for the support of Kindergarten, Dispensary and Mission work there. In addition, this church has this year assumed charge of the Memorial Church of the Holy Comforter in East Baltimore.

Mount Calvary Church has an investment of \$19,000 in St. Mary's Hall and \$10,000 in St. Katherine's Church and expends annually \$4,600 for the maintenance of services and pastoral care for these two congregations, and has full supervision of St. Matthias' congregation, Raspeburg.

The Church of St. Michael and All Angels established and has perpetuated and developed the work of the Chapel of the Guardian Angel, Huntingdon Avenue, at a cost of \$25,000 for the plant and an annual \$600 running expense contribution.

We have thus created a most interesting summary, as follows:

FABRIC AND FURNISHINGS INVESTMENT.

St. Paul's.....	\$73,000
Emmanuel.....	71,000
Grace and St. Peter's.....	38,000
Christ.....	20,000
Mt. Calvary.....	29,000
St. Michael and All Angels.....	25,000
Total.....	<u>\$256,000</u>

ANNUAL CURRENT CONTRIBUTIONS.

St. Paul's.....	\$3,300
Emmanuel.....	6,000
Grace and St. Peter's.....	3,000
Christ.....	4,644
Mt. Calvary.....	4,600
St. Michael and All Angels.....	600
Total.....	<u>\$22,344</u>

This annual total of current contributions is more than the Diocese, as a whole, has ever spent annually in purely missionary work in addition thereto, and these six congregations have always been assessed their pro-rata share for the full diocesan quota, also.

In addition to these parochial agencies doing this diocesan work, we have the Order of All Saints' Sisters of the Poor with an investment, in buildings, furnishings and land, of \$81,255 and an annual cost of \$19,000 in the support, education and religious training of orphans and friendless children—white and colored—in their three schools in the City and the care of convalescent children in their Home at Ilchester, Howard county. The work of this Order is purely missionary and supremely diocesan and is being conducted in a way to challenge the attention of this Convention and invite the favorable consideration of the Committee on Appropriation of Funds, whether within the province of the Department of Missions, Religious Education, or Christian Social Service. I am friendly disposed toward any reasonable "asking" of this Order from the Nation-wide Fund, and the same with reference to the six congregations, the diocesan missionary undertakings of which I have thus brought to your attention.

In connection with this Fund, it is pertinent here to say that the question, "How is it to be used, and by whom allotted?" which, I am informed, is being asked by many contributors to it, is a most natural and proper inquiry. My answer to this question is that no appropriation will be made from it for any cause or purpose—parochial or diocesan—until every appeal has been properly considered, the object of it scrutinized and investigated, and favorably recommended by a competent committee of

recognized worth and ability appointed for that special purpose. This committee will be designated immediately upon adjournment of Convention, and due notice thereof given the entire Diocese.

Nor will this be a new departure. It is the manner in which all similar appropriations have been made in the past, and the results realized in virtually every case have been such as to warrant its continuance in the future. This is also the practice of the Presiding Bishop and Council in General Church appropriations, thus affording full assurance there also.

CATHEDRAL FABRIC FUND.

Only one undertaking of the year has not been actively prosecuted to a finish.

In his address to the Convention of 1908 Bishop Paret suggested the consideration of founding and building a diocesan Cathedral. The matter was referred to a special committee for consideration and report back to the Convention. This report was made and is set forth in the Journal for 1908, beginning on page 24, and the first paragraph of it reads:

"The special committee to which was referred that portion of the Bishop's Address relating to a 'Cathedral Foundation,' begs leave to report that it heartily approves of such a project, and deems it of vital importance to the future growth and welfare of the Diocese of Maryland."

The full report and accompanying resolutions were adopted by the Convention with no dissenting vote and the Cathedral project then and there became an authorized, accepted and approved diocesan undertaking. Organization was immediately effected and while the progress made, as in all such enterprises, has been slow, it has nevertheless been steady and substantial.

Shortly after the last Convention adjourned, the Trustees of the Cathedral Foundation determined to inaugurate a canvass for funds to complete the Synod Hall and erect at least four Bays of the Cathedral Nave. At the succeeding Shrove Tuesday meeting of the Clergy this plan was unanimously approved and the hearty co-operation of all cheerfully pledged. Immediately an effective working organization was formed and a central office established, with Mr. George B. Shepherd as Manager and Director. A representative Citizens Committee was formed and arrangements were virtually completed for aggressive work. Then unforeseen things unfavorable to our project began to happen and continued happening in geometrical succession. Numerous appeals, religious and humanitarian, floundered our community; disturbing industrial and financial conditions developed and prevailed; and the crowning climax came in the appeal to the General Church to us as a Diocese to take our proper place in the Nation-wide Campaign.

Some of these various community calls for funds depended on the contributions of our people, many of whom had their

incomes materially diminished by the reduction, and in some cases, the absolute suspension, of income from their capital investment. As usual, they generally responded according to their ability, and in the matter of the Nation-wide Campaign for means to enlarge the undertakings of the Church and augment Christian service in the world, they have almost universally given without stint and many of them not without sacrifice.

While we were considering the conditions thus created, the catastrophe which befell the Baltimore Alliance of Charities occurred and settled the question. We realized that the appeal which must be made to re-establish this necessary work would be simultaneous with our own, and we felt it our Christian duty to give it the right of way and, more than that, to afford it all the assistance in our power. This we decided to do, and so temporarily postponed our Cathedral appeal. But it is only a postponement, not an abandonment.

Our Citizens Committee will be continued, an office established in the new Diocesan House, and personally and officially I am confidently relying upon both clergy and laity to co-operate and co-ordinate to the full extent of their opportunity and ability for the success of this important diocesan purpose and project. In you, my dear brethren, as in all things else for the glory of God and His Church, I put my trust in behalf of this cause and am sure I shall not be confounded.

And now in conclusion, in this place where for six and one-half years I ministered to a loving and loyal people; and where ten and one-third years ago, in fear and trembling, I assumed the burden of the administration of the affairs of this noble Diocese, as that administration was committed to me by the generous act of my sainted predecessor, may I not be permitted a rededication and reconsecration of my body, my mind and my soul to the service of God and His Church in the presence of you, my dear brethren of the clergy and laity, to whom through all these years I owe so much for your loving sympathy and loyal co-operation and comradeship? You have minimized my mistakes, and they have been many. How many, no one human, but myself, knows. You have been patient with my weakness, and it has been great. How great, only God and myself, again, have knowledge. I wonder if I presume too much when I think you have condoned my errors because you felt they were of judgment and not of motive; that you were tolerant of my weakness because you realized it was the fault of my limitations and not the perverseness of my will? I dare thus presume because of the comfort it affords me such thought to indulge. In any event, the fact remains—the past has recorded many shortcomings both of omission and commission and in them and through them you, universally and uniformly, have been very kind. For it all I thank you and am deeply and sincerely grateful. Under the courage and inspiration of it, in this present most solemn and momentous crisis of human life and destiny in the history of the world—looking to Him in Whom I trust and upon Whom for all wisdom and power I

rely—I renew my promise to Him, and to you, of the best I am and have, for service and sacrifice in His name and your fellowship in this beloved Diocese where I was born and where, please God, when my work upon this earth is done, it may be my privilege to die. And I summon you, as my brethren all and fellow workers together with God, to deeper consecration of purpose, nobler resolve of will and more abundant accomplishment of results in our endeavor to do the full work of the Church in the amelioration of all ills of the body and mind and the augmentation of all virtues of the heart and soul.

(Let us pray.)

“O Lord, we beseech Thee mercifully to receive the prayers of Thy people who call upon Thee; and grant that we, Thy servants here, and Thy people everywhere, may both perceive and know what things we ought to do, and also may have grace and power faithfully to fulfill the same; through Jesus Christ our Lord.” *Amen.*

STATEMENT OF THE REASONS WHY LEAVE IS ASKED TO ORGANIZE THE NEW
CONGREGATION TO BE KNOWN AS THE CHURCH OF THE HOLY
NATIVITY IN THE CITY OF BALTIMORE.

This church was organized as a Mission Church by the Diocesan Board of Missions in June, 1911. In the course of the first twelve months the congregation relieved the Board of Missions of \$600 of its appropriation to them and built a parish house and rectory and equipped them at a total cost of over \$29,000, and in another twelve months had a communicant enrollment of 184, since which time the work has gone forward with little diminution. Although the floating debt was large and interest payments heavy, all were met and reductions made at maturities. The mortgage has been reduced from \$29,000 to \$12,500, and the floating debt practically wiped out. This year (1919) we received from the Board of Missions an annuity of \$200, instead of the original \$1,600, and have advised the Board that no further help from it will be required. For the year ended December 31, 1918, our total income from all sources was \$7,471.85, and our communicant enrollment at that time stood at 291. In view of this record we feel justified in hoping that we may be permitted to begin as an independent congregation and with the continued loyal support of our membership, we shall expect, with the help of God, to accomplish even greater results than we have hitherto.

More detailed information as to the personnel and organization of the Church of the Holy Nativity may be found in the Year Book, 1918-1919, copy of which is filed herewith.

Respectfully submitted by

REV. HUGH W. S. POWERS, *Minister-in-Charge* and
ADVISORY BOARD.

APPENDIX EIGHT

ELEVENTH ANNUAL REPORT OF THE TRUSTEES OF THE CATHEDRAL FOUNDATION

(Journal, p. 16.)

The past year has witnessed some decisive steps in the development of our Cathedral Project, of which there are certain outward and visible signs, and to which your Trustees desire to direct the attention of this Convention.

Toward the close of the year 1918 your Trustees came to the conclusion that, inasmuch as the war had ended, it was desirable to bring into active life some of the plans which had been held in abeyance for several years, and they appointed a Campaign Committee to consider what building or buildings might best be completed first. Reference was made in their last report to the desirability of completing the Synod Hall at once, and, if possible, to the erection of a new residence for the Bishop so that the present Episcopal residence might be placed at the disposal of a Dean when he should be elected.

In order that this plan might be subjected to a wider court of review the Campaign Committee sought a conference with a goodly number of public spirited men of this city, some of whom are not members of our Communion. It was the unanimous verdict of these men that the time had come to begin the erection of some definite portion of the Cathedral itself and they pledged their loyal support should the Trustees adopt their point of view. Your Trustees readily comprehended the wisdom of these men and decided to inaugurate a Campaign for Funds as soon as due preparation therefor had been made. An experienced manager was selected, offices were secured, a staff of workers was organized, and the public press was enlisted in this great movement. The Cathedral architect was also instructed to prepare a second set of preliminary sketches and drawings which might be used for publicity purposes. Everything went forward with zeal and promise, so that your Trustees made arrangements to inaugurate the proposed campaign for funds in this present month of January and confidently expected such a handsome sum would be secured in the Diocese as would warrant the erection of the Nave of the Cathedral, at least, in the immediate future.

Just as all these plans were approaching completion the American Church decided to inaugurate the Nation-wide Campaign, and, as loyal

churchmen, your Trustees felt that this movement should have the right of way; but that soon thereafter the Cathedral campaign should be begun and pressed to a successful completion.

While this Nation-wide Campaign was being fully developed several local campaigns were also carried on, so that your Trustees felt that it would be unwise to promote our quest for funds at the proposed time. Hence it has been postponed for a season, but only for a season. Your Trustees are convinced that the citizens of Maryland, both members of our own Household of Faith and others, will gladly support this project if they are made to realize its practical value to the well-being of the city and the state.

Your Trustees desire to ask the members of this body to inspect the second set of preliminary drawings which was recently submitted by the architect. The Trustees of the Peabody Institute have kindly given them temporary shelter, so that they may be seen at any time this institute is open. A word of caution, however, is necessary regarding these plans. They are not to be considered as final. They will be subject to such change as the Trustees may desire. Their chief value is educational, and they will be widely used by the Campaign Committee to acquaint the people of Maryland with the Cathedral idea rather than with any special building.

When the Resident Canon of the Cathedral, the Rev. Harold N. Arrowsmith, returned last April from Europe, he brought with him an interesting relic which he presented, in the name of certain French authorities to the Trustees of the Cathedral Foundation. It is a piece of one of the columns of the Cathedral of Rheims, which was so ruthlessly destroyed by the German army. Upon a visit to this Cathedral, Mr. Arrowsmith coveted and later secured this relic, and it will be incorporated in some suitable part of the Maryland Cathedral as a perpetual "Stone of Remembrance"—a visible sign of the invisible affection which binds the people of France and the people of America together.

The Cathedral League of Women has expressed to your Trustees a desire to erect on the Cathedral grounds a large stone cross to be known as "The Victory Cross," and the consent of the Trustees has been given. It was hoped that this cross might have been ready for erection this last fall; but unavoidable delays will postpone the fruition of this hope until the spring.

The Rev. James M. Magruder, D. D., who was appointed to serve as Resident Canon for one year, October 1, 1918, to October 1, 1919, rendered very acceptable service at the Pro-Cathedral and retired from his temporary engagement at the appointed time. Canon Arrowsmith then resumed his position in charge of the Cathedral congregation.

In the past year two notable special services were held on the Cathedral grounds, both of which attracted large congregations. The first was the Roosevelt Memorial Service, on Sunday, October 26th, at 4 P. M., and

the second was that of the American Legion to observe Armistice Sunday, on Sunday, November 9th, at 3.30 P. M. It is such services as these which make evident the large part a Cathedral may play in the life of a city.

The Diocesan House has received the usual care of the special committee of the Trustees and is in good condition.

The terms of the following Trustees expire with this Convention: The Rev. Hugh Birkhead, D. D., the Rev. John D. LaMothe, and Messrs. Henry Barton Jacobs, M. D., and Charles O. Scull.

Respectfully submitted on behalf of the Trustees,

ARTHUR CHILTON POWELL,
Secretary.

APPENDIX TEN

REPORT OF THE SOCIAL SERVICE COMMISSION OF THE DIOCESE OF MARYLAND FOR THE YEAR 1919

(Journal, p. 17.)

Immediately upon the formation of the Social Service Commission we met for the election of officers for the year. The chairman then appointed each member of the Commission to look after some phase of the work as related to ecclesiastical and civic organizations. Each member was expected to associate with himself such other member or members, as the occasion required. The chairman being ex officio member of each committee. All questions to be referred the Commission for action.

In this program the following were enumerated: Penal Institutions; War Camp Community Service; Sunday School Instruction; Information; Publicity; Rural Communities; Church Women's Organizations; Men's Clubs; Legislation; Public Health; Labor Organizations and Child Labor.

In more than one instance the Commission has been asked to act as mediator in labor disputes.

On one occasion the Commission was asked to use its good offices to bring about a conference of the heads of a labor organization with a certain church building committee. A committee of your Commission waited upon the chairman of said building committee. This resulted in such conference being held; and the claims of labor were thereby presented.

It has been our purpose during the year to emphasize the need of social service. Several members of the Commission have been called on to address meetings under various auspices.

The Commission, following a previous custom, defrayed a part of the expenses of its chairman in attending the several conferences at the General Convention.

The import of the subject of social service was expressed in the opening sermon of the General Convention, in the Joint Session, in the discussions at the Noon-day Open Forum under the direction of the Joint Commission, and in the Bishop's Pastoral. Much encouragement is found in the spirit which permeated the Convention; also in the fact that this department of the Church's life is fully recognized, and precious time is not engaged in the presentation or the discussion of resolutions only.

As the importance of education is recognized by the Board of Missions and by the Board of Religious Education so your Commission on Social

Service realizes the necessity of fostering and stimulating the education of all our Church people in matters pertaining to the social well-being of the Church, the community, the state and the world.

We wish to emphasize our profound conviction that the world stands at the parting of the ways that lead either to Christ or chaos, a situation which calls upon His body, the Church, to respond fully to His will in every relationship of life.

Among other moral issues which will be presented to the present Legislature of our state is the subject of race-track gambling. This Convention placed itself on record two years ago as favoring the abolition of race-track gambling, in any form, from the State of Maryland. We urge upon our people to continue their vigorous efforts to remove this deteriorating influence from our commonwealth.

We wish we were in a position to tabulate the many social service activities of the various Congregations, Sunday Schools and Classes. We are of the opinion that much service is being rendered by these, the cognizance of which is never brought before this Convention through the present form of Parochial Reports.

Your Commission notes with pleasure the activities of the Girls' Friendly Society in securing a certain building where real Christian service is given. We welcome also the organization of the City Mission. It presents some of the greatest possibilities of this Church for service.

We hope that the day is not far distant when a clergyman or a layman may be appointed who will give his time to the activities of an executive social service secretary. The need of such a secretary has ever been evident to your Commission; and as this work of the City Mission develops we are confident that it will become more fully evident to the Convention.

Your Commission offers the following resolutions:

1. *Resolved*, that the sum of \$200, or so much thereof as may be needed, be appropriated for the use of the Social Service Commission.

For the Commission.

CHARLES E. PERKINS,
Chairman.

APPENDIX ELEVEN

REPORT OF DIOCESAN BOARD OF RELIGIOUS EDUCATION

(Journal, p. 18.)

The Board has held its regular monthly meetings since January, 1919, with the exception of the summer months.

The main work of the Board has been carried on through the Teacher Training Classes, the Sunday School Institute, the Presentation Service, and the Church Normal School.

The training classes in pedagogy were concluded in April, 1919, and certificates for first and second year work were awarded to eight teachers in the Diocese—a very small proportion.

The Sunday School Institute was held on May 3rd, when a most helpful program was followed, but the results of the efforts of the Institute to arouse the interests of the parents in our parishes to the necessity of home co-operation, seems very meager.

The Presentation Service was held at St. Michael and All Angels Church on Sunday afternoon, May 11th. The Church was filled with our Sunday school children, sent as delegates to the service and some visitors. The bagner was presented to All Saints' School, Reisterstown, which had a close second in Grace Church, Elkridge, much work had been done by the Board in order to get all the schools of the Diocese represented by delegates or reports. A table of Sunday School statistics having previously been sent each parish in order to let each know just where it stood in its average of offerings for missions for the past three years. We are hoping that every parish will this year distribute the Lenten Boxes among the children and that all will respond to notices sent of the next Presentation Service.

The report of the Church Normal School will be presented by the chairman of the Committee on Christian Nurture.

Through the Superintendent of Teacher Training the Board has extended its work to the Archdeaconries of Cumberland and Annapolis, visits having been made to special parishes in each of these Archdeaconries, where the course of lessons, adapted to that special parish was planned.

JANE MILLIKIN,
*Supt. Teacher Training Dept.,
Director Church Normal School.*

REPORT OF THE COMMITTEE ON "BETTER CO-OPERATION IN THE WORK OF THE SUNDAY SCHOOLS"

Strictly speaking this is not a Committee of the Convention, but came into being as the result of the resolution passed at the last Convention: "That it is the sense of this Convention that a meeting of the Rectors and Ministers in charge of Parishes ought to be held, and plans made for Diocesan recognition of the work done by the scholars in our Sunday Schools."

That meeting was held, and this Committee appointed at that meeting.

The meeting took the form of a five day Conference of the Clergy which considered the work of the Sunday Schools under the leadership of Rev. Dr. Wm. E. Gardner, Secretary of the General Board of Religious Education. Mr. G. Warfield Hobbs, a member of this Committee was present at the Conference and after its meetings prepared and had printed a pamphlet which explains what was done and the plans there formulated.

That pamphlet has been distributed here for the benefit of the members of this Convention, though most of those present must be familiar with its contents. It is an excellent piece of Sunday School publicity and the best kind of a report of the work of this Committee.

It remains only to add a few words of how the plans have been carried out in practice.

This year in place of the perplexing variety of lesson leaflets heretofore used by the different schools at least thirty-five of those in the city and its vicinity are using altogether or in part the Christian Nurture Series for which the General Board is responsible. It is too early to sum up results but the use of a common system is full of promise for higher efficiency in the whole work.

A first and very apparent result is seen in a much improved Teacher Training as conducted by a Church Normal School.

This is carried on by a staff of fourteen leaders, including the director; a leader for each course of the Christian Nurture System. These leaders meet the teachers once each month in one of the three centers where the Normal School is conducted the Monday, Wednesday and Thursday preceding the first Sunday of each month.

To get proper leaders to take charge of the several courses was the strategic part of the whole plan, for the success of the school depended upon the proper leadership in each course.

The Diocesan Training Classes, conducted for the past six years by Miss Millikin, offered a list of names from which to choose and, by energetic work during the summer as Director of the Normal School, she had a complete staff of teachers ready to begin work at the first meeting in October.

When the first cycle of classes was held 189 teachers reported for instruction. The numbers have continued about the same, though the meeting in November was somewhat depleted because of the activities in connection with the Nation-wide Campaign.

The enrollment has now reached 277, representing 35 parishes.

The presence of so many well instructed and well prepared teachers in the schools of the city is bound to tell in the character of the work done.

We are just at the beginning in carrying out the plan and the Committee is at the beginning of the work it had under contemplation.

Without any formal resolutions there are a few things the Committee would urge upon those responsible for the conduct of Sunday or Church Schools.

We urge that the Rectors and Superintendents introduce the courses of the Christian Nurture Series as rapidly and as completely as conditions will allow that there may be the largest co-operation of effort.

We ask that they make it a rule of the School to insist that the teachers attend the Normal School for Teachers, even to the point of taking the classes away from those who refuse to attend.

The resolution of the last Convention calls for Diocesan recognition of the work done by the scholars, but we think the scope of it ought to be broadened to include the work done by teachers as well.

The Normal School will soon be in a position to give certificates or diplomas to teachers completing a course, itself an evidence of study and experience.

Now that the schools are using the same material it becomes possible, for the first time, to compare the classes of different schools and to establish standards of work. The Diocese ought to do this and issue to the scholars some sort of certificate for work satisfactorily completed.

In the course of time it will be possible to give diplomas to those who have finished the system of work at a large annual gathering from the schools of the whole Diocese—a feature that would add much to the interest of both scholars and parents.

Meanwhile the Committee urges upon the Convention the passing of the resolutions presented by the Diocesan Board of Religious Education in recognition of the work done by the Director of the Normal School and those who constitute the staff. This is a part of the plan drawn up by the Conference—that the Director should be continued at a regular salary, and that \$50 a year should be given to each member of the teaching staff. This can hardly be called a proper compensation in money for their work, but rather a payment to meet their expense in car fare and purchase of books and other supplies.

We therefore join the Board in asking for the appropriation from proper funds to carry on this work.

Respectfully submitted,

PHILIP COOK,

B. B. LOVETT,

G. WARFIELD HOBBS.

APPENDIX TWELVE

(Journal, p. 18.)

January 26, 1920.

The last Convention authorized an apportionment of the sum of twenty-five thousand dollars (\$25,000) for missionary work in the Diocese of Maryland in the year 1919, which sum was appropriated as follows:

To the Archdeaconry of Annapolis.....	\$4,500.00

The sum of twenty-five thousand five hundred and fifty dollars is needed for strictly Diocesan Missionary work for the ensuing year, to be appropriated as follows:

To the Archdeaconry of Annapolis.....	\$4,300.00
To the Archdeaconry of Baltimore.....	2,700.00
To the Archdeaconry of Cumberland.....	5,050.00
To the Archdeaconry of Towson.....	4,450.00
For Deaf Mute Work.....	1,200.00
For the Maryland Home for Friendless Colored Children.....	1,200.00
For City Mission.....	6,650.00
Total.....	<u>\$25,550.00</u>

The past year has witnessed the greatest missionary enterprise in the history of the church—the Nation-wide Campaign. In this great undertaking the Diocese of Maryland has played a conspicuous and successful part.

Every parish and mission station in the Diocese will share its blessings. Mission parishes will become self-supporting congregations; the Chapel of the Nativity, West Forest Park, is the first of these. Many others should follow. It will mean that much needed forward missionary work will be possible in this Diocese, and that clergy serving in the missions as well as those ministering to the parishes will receive more adequate compensation.

With this Convention the Committee of Missions will turn over its work to the new Executive Council. It does so with all indebtedness liquidated, with every obligation met and with confidence that Maryland will, under the new order, retain the place it has taken as one of the great missionary dioceses of the Church.

GEORGE C. THOMAS.

REPORT OF THE COMMITTEE OF MISSIONS

From October 1, 1918, to December 31, 1919.

In submitting the report of the Committee of Missions as of December 31, 1919, there is a balance to the credit of the Missions' account, as shown in the report, of \$1,281.76.

At that time there were a number of churches that had failed, in whole or in part, to complete their apportionments. With the money thus far received from these apportionments there will be sufficient to pay for the deficit of \$3,000 that has been carried by the Committee of Missions for several years past.

Practically all of the rural archdeaconries have paid in full, and in the case of Cumberland and Annapolis overpaid. Baltimore, as usual, has failed to make its apportionment by over \$2,000 as noted in the report of that archdeaconry.

Beginning with January 1st the office of the Nation-wide Campaign will take up the work that has heretofore been conducted by the Committee of Missions.

Respectfully submitted,

ARTHUR BOEHM,
Treasurer.

CONDENSED REPORT OF THE SUPERINTENDENT OF THE CITY MISSION

As a result of the action taken at the Convention in January, 1919, the Bishop in conference with the special committee appointed established the City Mission for Baltimore and vicinity. The Rev. APPENDIX FOURTEEN

REPORT OF THE TREASURER OF THE MARYLAND COMMITTEE ON CHURCH PENSION FUND

(Journal, p. 19.)

For the calendar year 1919, the premiums payable to the Church Pension Fund for account of the 107 clergymen serving all or part of that time in the Diocese of Maryland, amounted to \$15,210.59.

Of this sum, \$6,585.31 is chargeable to the Diocese and \$8,625.28 to the parishes.

As a rule, the premiums have been paid promptly and the amount chargeable to the parishes is in hand, lacking \$204.24. I am confident the small sum due will be paid and the fact that it is not in hand now, is due perhaps as much to the laxity of the Treasurer of your Committee as to the treasurers of the delinquent parishes.

Since the establishment of the Church Pension system, March 1, 1917, the following pensions have been granted in this Diocese, viz.:

Retirement pensions, 2 at \$600.....	\$1,200
Disability pensions, 2 at \$600.....	1,200
Widow's pensions, 3 at \$300.....	900
	<hr/>
	\$3,300

All these, excepting one disability pension, are still extant and the annual payments to the pensioners amount to \$2,700.00.

In addition to the above, there are 23 annuities granted under the former Maryland Diocesan Fund for Superannuated and Disabled Clergymen, requiring an annual payment of \$8,020.00, which were assumed by the Church Pension Fund under its agreement with the Diocese of Maryland.

The present annual payments to pensioners and annuitants in this Diocese, therefore, amounts to \$10,720.00, all of which is provided from the resources of the Church Pension Fund.

Your Committee understands it to be the policy of the Convention to continue the existing arrangement of collecting from the parishes a premium of five per cent, the Diocese paying the remainder, and it is proceeding upon that understanding.

Respectfully submitted,

COMMITTEE ON CHURCH PENSION FUND,
CHARLES O. SCULL,
Treasurer.

APPENDIX FIFTEEN

MARYLAND HOME FOR FRIENDLESS COLORED CHILDREN

(Journal, p. 19.)

Report of the Committee appointed in accordance with the following resolution by the last Diocesan Convention: "*Resolved*, That a Committee of six be appointed to look into the affairs of the Maryland home for Friendless Colored Children, make a survey of its situation and report to the next Convention."

The Bishop appointed to membership on this Committee the Rev. Philip Cook, D. D., the Rev. Wm. A. McClenthen, D. D., the Rev. George F. Bragg, Jr., D. D.; Dr. Henry Barton Jacobs, Mr. Ethan Allen Lycett and Mr. J. Frank Turner.

A brief history and statement, printed under the direction of the Board of the Home, has been distributed to the members of this Convention and is made a part of this report.

That statement tells how the Rev. Dr. Bragg, nine other colored and two white men, established this Institution in 1899 for work among the most neglected of our public dependents—the orphaned and friendless colored children of this city and state.

Early in its history the Home received enough money from the State to buy about thirty-two acres of farm land with a brick house upon it in Baltimore County, between Catonsville and Ellicott City, off Rockland Avenue, where the Home is now situated. The property is a valuable one, and well suited to the needs of such a work. A conservative estimate of its worth is \$10,000, and it carries a mortgage for \$3,000. In 1916 the Board then in charge felt the pressing need of a better financial backing and was reorganized with the advice and under the direction of Bishop Murray. By his suggestion three of the Clergy of Maryland were elected to the Board, including the Rev. Philip Cook, D. D., and the Rev. George F. Bragg, Jr., D. D., who still continue as members; three ladies of Baltimore, all of whom found it necessary to resign after varying terms of services; three laymen, Dr. Henry Barton Jacobs, Mr. E. A. Lycett and Mr. J. Frank Turner, still members of the Board, and three colored men who had served on the former Board, Mr. George B. Murphy, Mr. Cornelius C. Fitzgerald, and Mr. Robert H. Pennington.

This Board took control just as this country was entering upon war with all the new duties and responsibilities it brought. During much of

1917 some of the members were out of the Diocese for the greater part of the year. Those who remained did double duty, and, despite the fact that almost all forms of charitable endeavor depending upon voluntary contributions suffered during this period, the Home continued to better its condition and is stronger financially than ever before. In 1917 it had several rather large notes outstanding, all of which have been paid in full, so that the only indebtedness today is the mortgage for \$3,000.

Since the spring of 1917 the Home has been under the charge of a colored clergyman, the Rev. Joseph W. Livingston, who acts as Superintendent, and Mrs. Livingston, who acts as Matron, and Mrs. Goins is assistant to the Matron.

All three have shown a very commendable spirit in the energy and enthusiasm with which they have done their work. The conditions have been very trying, for the Home was in need of almost everything to make it habitable and comfortable. The building is not in good repairs; the heating plant is inadequate; they have needed sheets and blankets for the beds, furnishings for the table, school supplies, furniture for the rooms and kitchen, clothing for the inmates. Some of these things have been supplied, at least in part, but much of their time is given to mending and repairing that might be given more profitably to other forms of management.

Some of the city parishes have given aid, and the Colored Woman's Auxiliary has been very helpful, but many of the most ordinary conveniences and necessities are still wanting.

It has been next to impossible to secure labor for the kitchen, laundry and farm, and while the boys can help, most of them are too small to be efficient in such matters.

It would require quite an unusual person to meet all the requirements of the situation—to be practical farmer, a teacher and manager, a disciplinarian and organizer. The members of the Board are all busy men, so that those in charge have received nothing like the help they desire and deserve. Conditions are far from perfect and must be improved, but under the circumstances the Home is much better than might be expected. At least the boys committed there are well fed and housed, decently even if somewhat shabbily clad, and receive elementary training.

The Home takes care of a few more than thirty which is all the building can accommodate. They range in age from four to fourteen. During the past year eight of them are those who have come from various counties of the state, sent there by the County authorities. The City Charities do not use the institution, except the Juvenile Court which sends a considerable number who have been placed under probation or pending trial. The remainder come from homes in which it is quite impossible to give a boy proper care and attention. It may be a working mother, whose husband has died or deserted her, whose constant absence from home at work gives opportunity for the boy to run wild. Or it may be a father

whose wife is dead or divorced, so that the boy receives no proper supervision during the day. In cases of this kind the Home makes a charge of \$2.50 a week when those responsible are able to pay. During the past two years more than a third of the income has come from this board money. It is estimated that the Home could get at least two hundred such cases were it in a position to accommodate so many. Colored parents in this situation are constantly making appeals to have their boys accepted. They are interested in their children, visit them and supply some of their needs. They are glad to have them in a Home where they know the boys are well cared for—and the Home could do a good work if it confined itself to cases of this sort.

But this is not the kind of work for which it was originally intended. Its primary purpose was to provide a place for dependent orphans and other neglected colored children. The needs of this class are so insistent they deserve first consideration. But since they can pay little or nothing such a policy will require that the Home receive more generous support than in the past.

A good deal might be said of the way in which the State of Maryland and its Christian forces neglect the colored race; but rather than indulge in such criticism it is the purpose of this report to try to point the way to this Convention by which this Diocese may help to mend this matter. The annual support of the Home is about \$5,000.

This sum is received from the following sources of income:

Appropriation of the State Legislature.....	\$500
From the Juvenile Court for boys committed.....	250
Board money paid by parents.....	2500
Gifts.....	1750

The Diocesan Committee on Missions appropriates \$100 a month, which is the largest contribution the Home receives.

The present Board of Managers is ready to surrender this property to the Diocese, provided the Diocese will assume responsibility for the proper conduct of the Home. This will give this Church opportunity of a very definite character, to enter upon the work of discharging the obligation which a Christian community ought to feel for the dependent members of this race. There is no reason why this Home with proper support and management should not develop into as strong an institution as any of those under Church control of which the Church at large is justly proud.

In anticipation of such possible action on the part of this Convention the needs of this Home were included in the Survey of the Nation-wide Campaign and written down for \$15,000. If the Convention takes the Home under its charge and direction it has a legitimate expectation from this Fund.

But in addition to any money the proper development of the Home will require a great deal of time and energy, of strong common sense and patient sympathy to reorganize its work and bring it to a place of first-rate efficiency.

With the exception of one, all members of your Committee have been more or less concerned in its management for some time and are in favor of such action by this Convention as will put the institution under Diocesan control.

Respectfully submitted,

PHILIP COOK,

The Society is now entirely free of debt, and under the impetus and enthusiasm of the Nation-wide Campaign should be in an excellent position to advance into new and even more aggressive work. Under the conditions laid down in that campaign there will be no appeals to former contributors, but the Society must look to the Diocesan Budget for the necessary funds to prosecute its work. But that those who have so generously aided us in the past may know just what has been done a summary of the nine years work is added to this report. The Society now holds through purchase the lots in Forest Park, Cedarcroft, and on the corner of Wheeler and Lafayette Avenues, city.

It was instrumental in securing as a gift from Mrs. Henry Barton Jacobs the splendid and ample lot at Ten Hills and holds title thereto. Title is also held to the Church property at Halethorpe, Ruxton, Harrisonville, Odenton, South Cumberland and elsewhere. Wherever necessary, it has underwritten the obligations of the Advisory Boards but in no case has been called upon to make good those guarantees.

*Floating Debt on St. Mark's Church and Lots, corner Wheeler and Lafayette Avenues.

The decision of the Bishop, as President of the Society, to accept no undesirable lots simply because they were gifts and to purchase no unsatisfactory ones merely because they were cheap, has been amply vindicated and the Society can point with pride both to the location of its property and to the splendid work being done in the way of Church Extension by the Priests in charge of such points.

In all these nine years not one cent of the Society's receipts has been spent for expenses. All these have been met in other ways. The financial report for the nine years is as follows:

APPENDIX SEVENTEEN

REPORT OF ST. JAMES' SCHOOL, WASHINGTON COUNTY

(Journal, p. 22.)

St. James' School opened the past year with 70 boys. This number represents the largest enrollment in the history of the institution since it ceased to be a college, during the Civil War. Owing to the lack of accommodations a number of applications could not be considered.

At a meeting of the faculty, at the beginning of the second term, it was decided to abandon the practise of certifying boys for college, and with the exception of the graduating classes of 1919 and 1920, all boys in the future will be required to take the College Board examination. This action indicates the rather high standard of scholarship required by the school.

During the summer months extensive repairs were made to the school property. A new dormitory known as "Coit Hall," a name long associated with St. James' in the college days, and afterward with St. Paul's School, Concord, New Hampshire, was built by the head-master.

During the past year the school established a scholarship in memory of the late Henry W. Keating, who was identified with the school for eighteen years.

The Alumni Association presented the head-master with \$1,200.00 to cover the cost of a hard-wood floor to replace the dirt and tan-bark floor in the gymnasium cage.

The school is very fortunate in the personnel of its faculty. All the members are men of experience, and several of them have attained marked success in other well known institutions of learning. In the last year and a half \$5,684.05 has been expended in repairs and improvements.

Respectfully submitted on behalf of Trustees,
S. HILTON ORRICK.

APPENDIX EIGHTEEN

REPORT OF TRUSTEES OF HANNAH MORE ACADEMY

(Journal. p. 22.)

The Academy desires to record its appreciation of a donation by the Rev. Dr. Edward T. Lawrence of 580 books, which will greatly increase the value and usefulness of its Library.

The Society of Graduates have completed its scholarship in memory of Rev. Dr. Rich, and one of its members is furnishing a room to be occupied by the girl receiving that scholarship.

The school began its regular session in September, 1919, with a full staff of teachers and with sixty boarding pupils and seven day pupils, and gained two additional boarding pupils before the Christmas vacation.

Payments of principal and interest on the loan from the Keerl Fund have been made when due and the debt to our Treasurer has been reduced according to agreement, and some replacements of furniture and other equipment were made in the past year.

EDWARD N. RICH,
Secretary of the Board of Trustees.

REPORT OF THE COMMITTEE ON DONATIONS AND BEQUESTS

(Journal, p. 28.)

The Committee on Donations and Bequests respectfully reports that a gift of five United States Liberty Bonds each of the denomination of \$500, bearing 4¼ per cent interest has been made by Mr. J. L. Besore through his neice, Mrs. Gertrude W. Buckman. The purpose of this gift as specified by the donor to the Bishop is that this donation is to constitute an endowment for St. Andrew's Church, Clear Spring, Washington County, Maryland, the income from said endowment to be used for upkeep of the Church property, such as repairs, improvements, insurance, etc., but neither principal nor interest to be appropriated for the ordinary or running expenses of the congregation. The Committee herewith presents the said bonds, which it has received through the Bishop and recommends the thankful acceptance of said donation from Mr. Besore and the adoption of the accompanying resolution.

Respectfully submitted,

T. J. C. WILLIAMS,
HENRY BARTON JACOBS,
JOHN GLENN, JR.,
J. FRANK TURNER.

Resolved, That the Convention accepts from Mr. J. L. Besore the donation of U. S. Liberty Bonds of the face value of two thousand, five hundred dollars, and that the said donation be committed to the Appropriate Committee of the Convention, to be administered for the use of St. Andrew's Church, Clear Spring, Washington County, Maryland, according to the instructions of the donor as set forth in the report of the Committee on Donations and Bequests, and that the Convention offers its thanks to Mr. J. L. Besore for his munificent gift.

APPENDIX TWENTY-ONE

REPORT OF THE COMMITTEE ON THE CHURCH BOOK STORE

(Journal, p. 29.)

The Committee on the Church Book Store begs leave to report that it has conferred with Mr. Lycett at whose place of business the Church Book Store has been conducted for several years. We find that there has been an increased business during the past six months. To this increase the adoption of the Christian Nurture Series by the Sunday Schools and the co-operation of the Committee, both local and general, have contributed no small share.

It has been the custom of Mr. Lycett, for ten years now, to present through the Bishop to the Diocese a contribution of one-tenth of the gross sales of the Church Book Store. For the year ending July 31st, the amount sent was \$600.55.

Mr. Lycett has hoped that the Church would see not only the opportunity of financial returns, but the greater opportunity of bringing the Church literature and supplies within easy access of its people and the public. A medium of education far reaching in its results.

To this end it was hoped that a place would be made for it in the downtown Diocesan House. But as this has not been done it brings the matter to the following:

To grow and expand it must have more capital put in it. Several suggestions have been made by your committee in the past along this line, but nothing has developed.

Mr. Lycett therefore feels that the whole responsibility of overlooking and development must rest upon him. The continuance of his custom of paying 10 per cent on gross sales will not be warranted by the business if the capital stock is to be increased as the business demands.

Two propositions present themselves for our consideration. The first proposition is that the business be continued with Mr. Lycett, and that the profits therefrom be turned into the purchase of additional stock and the enlargement of the business. This increase of the capital stock to be met by the business itself. Mr. Lycett should not be expected to meet this increase in investment when we are the principal recipients of the revenue from the business.

The other proposition is that the Church take over the business in some other location. This would necessitate a financial outlay and the appointment of a Board of Directors to manage the business for the Church.

In either event your Committee would assure the members of this Convention that Mr. Lycett is perfectly frank in offering these propositions, and which ever the Convention decides to accept will be satisfactory to him.

Whatever we do your Committee would recommend that a resolution of thanks be extended to Mr. Lycett for his generosity in making these contributions from year to year.

Respectfully submitted,

CHARLES E. PERKINS,
Chairman.

APPENDIX TWENTY- TWO

REPORT OF THE LAY READERS' LEAGUE

(Journal, p. 17.)

The members of the Lay Readers' League held their regular sessions during the year, at which appointments were made and reports of the work given. The regular meeting was not held in December, but appointments have been made to date. Owing to a probability of other arrangements, the present Chaplain has expressed his desire that the work of the league be placed under the direction of the Superintendent of the City Mission, with whom at different times he has been in conference. This meets with the hearty approval of the Bishop.

The members of the League have ministered at the following places during the year: Bay View Hospital, Melvale School, Bloede Hospital and Eudowood, St. Mary's, Franklin; St. Andrew's, Hamilton; St. Luke's, Harrisonville; Holy Comforter, St. Philip's, Bishop Paret Memorial, Holy Trinity Chapel, Baltimore; at Rossville and at Mt. Winans.

The Chaplain of the League desires to use this opportunity of expressing the pleasure it has been to him to be associated with this body of faithful Christian laymen. The Church owes them a debt of gratitude for their service and ready willingness, at all times, to minister to those, who, but for the members of the League, would be many times without ministrations of the Church. Rather than decreasing their activities it is my earnest hope that the scope of the work may be enlarged and a still greater number of laymen be added to the League. Much pioneer work lies before us in the newly developing sections, and under the direction of the proper constituted authority, now established, we may expect this Church to be presented before the people, as it should be.

Respectfully submitted,

CHARLES E. PERKINS,
Chaplain.

THE CHURCH HOME AND INFIRMARY

NORTH BROADWAY, BALTIMORE.

This institution of the Church has been doing its beneficent and charitable work for more than fifty-four years. It has two distinct characters and lines of work:

I. Church Hospital,

where those requiring surgical or medical attendance can, at reasonable rates, obtain comfortable rooms, careful nursing and the service of any physician whom they may engage, and it is also

II. A Home for the Aged and Invalid,

where may be enjoyed the comforts and privileges of the Church. There are daily services in the Chapel. The Church Home is supported in the following ways:

1. Partly by churches in Baltimore, which engage to contribute a certain sum for the year, and which have the right to place a patient in the wards for every \$200 annually contributed. In this way some Baltimore churches keep one, or two, or more beneficiaries in the Home. Any church or congregation may make use of the opportunity thus afforded to provide for the care of the sick for a longer or shorter time.

2. Partly by endowment and income from invested funds.

3. Partly by receipts from pay patients.

The Bishop is Visitor of the Church Home.

The Church Home opens its doors freely to the clergy of Maryland who may need its care. Bishop Lay was nursed here in his last illness in 1885. Since then two priests of the Diocese of Easton and seven of the Diocese of Maryland have been cared for in their last illness.

Clergymen, churches and individuals may aid in this good work:

1. By making the existence and the advantages of the Church Home known, so that those who may have to come to the city for surgical care, etc., may avail themselves of the advantages it offers.

2. By sending the sick and aged, and providing for their support.

3. By an occasional offering in church or by private donations.

4. By engaging to support a *Free Bed*, with the privileges of nominating the patient.

5. By testamentary bequests to "The Church Home and Infirmary of the City of Baltimore."

The Convention of the Diocese of Easton has requested an Annual Offering for this institution from every congregation in the Diocese.

Will not some of the congregations in Maryland do this without request of the Convention?

THE MARYLAND CATHEDRAL

PLAN OF CATHEDRAL ORGANIZATION

Under the general powers conferred by the Resolutions of the Convention of the Diocese of Maryland in the years 1908, 1909 and 1910, the Trustees of the Cathedral Foundation hereby adopt a Plan of Cathedral Organization.

I. THE CHAPTER.

Since the title to all property, real and personal, belonging to the Cathedral Foundation is vested in the Convention of the Protestant Episcopal Church of the Diocese of Maryland, the Convention itself constitutes to all intents and purposes the ultimate governing body.

The Trustees, six Clerical and six Lay, together with the Bishop and Bishop Coadjutor of the Diocese, are, by the resolutions above mentioned, possessed of the executive function of a Cathedral Chapter.

II. THE DEAN AND CANONS.

The Chapter may, upon nomination by the Bishop, elect a Dean, such nomination being made at a regular meeting of the Chapter preceding the regular meeting at which the election is held. Until a Dean is elected, or in case of a vacancy in the office, the Bishop shall act as Dean. The Dean shall have spiritual supervision of the worship and work of the Pro-Cathedral Congregation.

The President of the Standing Committee shall be, ex officio, an Honorary Canon of the Cathedral.

Two Canons may, upon nomination of the Bishop of the Diocese, be elected by the Chapter, the one to have charge of the Pro-Cathedral Congregation under the direction of the Dean; the other to act as Canon Missioner of the Diocese and to carry on special work under the direction of the Bishop.

Canons Residenciary, not more than four in number, upon nomination of the Bishop, may be elected by the Chapter to serve from time to time as Special Preachers.

III. INTERNAL GOVERNMENT OF THE CATHEDRAL.

The Bishop of the Diocese shall have supreme control of the ritual and ordering of the Cathedral Services.

By a concordat entered into by the Cathedral Chapter and the Rector and Vestries of St. Barnabas' and St. George's Churches the organization of the two congregations as at present existing is to come under the spiritual authority of the Dean and Resident Canon or Canons.

There shall be a Lay Council of the Pro-Cathedral Congregation consisting of eight members which shall exercise all the temporal functions ordinarily discharged by Vestries, except the right to elect a Rector or Assistant Ministers, or to control the property of the Pro-Cathedral Congregation. Within one month after the Pro-Cathedral Congregation has entered in occupancy of the Undercroft to be used as the Pro-Cathedral, the Lay Council shall be elected by the Congregation, and thereafter their successors in office be elected in accordance with the provisions of the Vestry Act as to Easter Monday elections.

IV. THE CATHEDRAL COUNCIL.

The Cathedral Council shall be an advisory or consultative board to the Bishop in all matters pertaining to the Cathedral Organization as an adjunct of Diocesan efficiency.

The Council shall consist of the Chapter and all of the Canons, together with the Standing Committee of the Diocese, the Deputies, clerical and lay, to the General Convention, the four Archdeacons, the Committee of Missions, the Examining Chaplains of the Diocese, Diocesan Board of Religious Education, Social Service Commission of the Diocese, and the Officers and Executive Board of the Cathedral League.

The Council shall hold its annual meeting on the same day when the Trustees convene for the last time prior to the Diocesan Convention. Other meetings may be called during the year by the Bishop, who shall be ex officio President of the Council.

A Secretary shall be appointed to keep the records of all meetings.

V. ALTERATIONS.

Any provision of the foregoing articles may be altered by the Convention of the Diocese of Maryland, or, if one month's previous notice be given by the Trustees of the Cathedral Foundation, subject in the latter case to ratification by the next succeeding Convention of the Diocese.

LIST OF PARISHES AND CONGREGATIONS

IN THE DIOCESE OF MARYLAND, WITH THE CLERGY OF THE SAME,

AND

LIST OF LAY DELEGATES

TO THE ONE HUNDRED AND THIRTY-SEVENTH ANNUAL CONVENTION.

(Corrected to January 26, 1921.)

The names of Parishes and Separate Congregations entitled to representation are printed in **BOLD-FACED TYPE**. The word Parish in this list indicates a territorial division; the name of the Parish Church is the one immediately following the name of the Parish.

The Secretary requests that the names of any Church Buildings omitted from the list, or any other inaccuracies therein, may be made known to him.

Lay Delegates whose names are marked thus † are not known to have been present at the Convention.

A bracket enclosing the names of a Lay Delegate and Alternate indicates that they successively occupied the same seat.

The dates show the organization of the Churches and their admission into the union with the Convention as Parishes or Congregations.

When two or more dates are given they indicate different dates of building the churches.

N. B.—The Secretary will be pleased to receive corrections of dates.

Churches marked thus * are not yet admitted to union with the Convention.

RULES OF ORDER

1. The daily sessions of the Convention shall be opened with Divine Service, beginning at 10 o'clock A. M.

2. The Convention, upon its first assembling, shall be called to order by the Bishop, or if there be no Bishop, or if he be absent, by the President of the Standing Committee or by some member of that body appointed by those of its members who may be present.

3. When the President takes the chair every member shall take his seat and remain uncovered until he shall have left the Convention.

4. The names of the Clergymen entitled to seats shall be called over by the Secretary of the last Convention, or in his absence by some one appointed by the Bishop, or other person who called the Convention to order. The said call shall be made from a roll furnished by the Bishop or other ecclesiastical authority of the Diocese, which roll shall be evidence of the right of such Clergymen to seats until the Convention shall have formally acted upon that question. The Secretary shall then call a provisional roll of Lay delegates, prepared from the certificates which have been received from the vestries. The Lay delegates whose certificates have not already been forwarded to the Secretary shall then lay their certificates upon the table, with the declaration subscribed as required by the Constitution. The Secretary shall then call these additional names, if required by the Chair, or by any member. In calling the roll of the Clergy and Lay delegates the surname only—with the prefix of "Mr."—shall be called, except where there may be two, or more, of the same name, in which case they shall be designated by the addition of their Christian names. If a quorum of both orders appear, the presiding officer shall announce the fact, and declare that the Convention is organized and ready for business.

5. In case of the absence of the Bishop, or of a vacancy in the Episcopate, the person who called the Convention to order shall announce that there is a quorum present. The Convention shall then proceed to elect a President according to the Seventh article of the Constitution; who shall, so soon as his election is completed, take the chair and declare that the Convention is organized and ready for business.

6. The first business after the declaration is made, either by the Bishop or the President, shall be the election of a Secretary. The Chair shall then appoint an Assistant Secretary and the Committees mentioned in the Order of Business (No. III). The Chair shall also appoint all other Committees for the appointment of which no other provision is made, unless otherwise ordered by the Convention.

7. When any member is about to speak or deliver any matter to the Convention, he shall arise, and, with due respect, address himself to the President.

8. If two or more members shall arise at the same time to speak, the President shall decide who shall speak.

9. No member shall speak more than twice in the same debate, nor longer than fifteen minutes at one time, without leave of the Convention.

10. No motion shall be debated until the same be seconded, and, if desired by any member, reduced to writing and read by the Secretary.

11. When a motion is made and seconded, no other motion shall be received, except to adjourn, to lay on the table, to postpone to a certain time, to postpone indefinitely, to commit or to amend; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay on the table an amendment be carried, the matter before the Convention shall be proceeded with as if no such amendment had been offered. The motions to lay on the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order, if the mover has the floor.

12. When a proposed amendment is under consideration, a motion to amend the same may be made. No after amend-

ments shall be in order, but a substitute for both amendments may be received, which, if adopted, shall operate as an amendment to the original proposition. No proposition on a subject different from the one under consideration shall be received under color of an amendment or substitute.

13. If a question contains several distinct propositions, the same shall be divided at the request of any member, and a vote taken separately, except that a motion to strike out and insert shall be indivisible.

14. All questions of order shall be decided by the President, without debate; but any member may appeal from such decision, and on such appeal no member shall speak more than once, without express leave of the Convention.

15. When any member arises to a point of order, the member who has the floor shall take his seat until the point of order is decided by the Chair.

16. A question being once determined, shall stand as the judgment of the Convention, and shall not be again drawn into debate during the session, except with the consent of two-thirds of the Convention, upon a motion to reconsider made by a member who voted with the majority and seconded by a member who also voted with the majority.

17. No question shall be taken on any report unless upon a motion to print or recommit it; but reports shall, as of course, lie upon the table. If a Committee deem any action of the Convention desirable, it shall be its duty to present in writing such Resolutions, Acts or Canons, as it may think it should adopt, which only shall be subject to the action of the Convention. Every act which divides a Parish, or in any way affects Parish boundaries, shall distinctly set out the new boundaries which it is intended to establish. The Convention will not act upon any proposed Resolution, Act or Canon which is not conformed to the provisions of this rule.

18. All elections shall be by ballot, unless otherwise ordered; the votes of the Clergy and Laity shall be received and counted separately; but the vote shall be regarded as a joint one, and

the election shall be decided by a majority of the whole number of votes taken together, except where a vote by orders shall be required under the provisions of the Constitution.

19. When a joint ballot is taken, the procedure shall be as follows: The President shall appoint two tellers on the part of the Clergy and two on the part of the Laity. The Secretary shall then call the roll and the tellers shall collect the votes. After the clerical and lay votes shall have been counted by the respective tellers, the teller first named by the Chair shall combine them in one joint ballot, which he shall present to the Convention, reading out the names of the persons voted for, the number of clerical and lay votes for each separately, and the sum total of votes received by each person. The Chair shall then state to the Convention the result of the joint ballot.

20. The Convention, after Evening Prayer, on the first day of each annual session, shall consider the subject of Missions.

21. A majority of two-thirds of the members present shall be required to suspend any Rule of Order or make any change in the Order of Business; but "Orders of the Day" may be intercalated in the Order of Business by a majority vote.

22. "Roberts' Rules of Order" shall be the parliamentary guide in all cases not provided for in the foregoing rules.

23. The foregoing Rules of Order, together with the Order of Business hereto annexed, shall be deemed the Rules of Order for all future Conventions until altered or rescinded, and the same shall be published in the Journal of each Convention.

Resolved, That this Convention does hereby record its deep and heartfelt gratitude to Almighty God for half a century of continuous service rendered to it by Joseph Packard, who, with his unflinching patience, courtesy, devotion and wisdom, has in these fifty years been of incalculable value not only to the Church in Maryland, but the General Church as well. In all positions entrusted to him, and he has held practically every position from the most insignificant to the highest in the gift of the Convention, he has served with signal ability and consecration. This Convention delights to honor him as the Church's foremost layman, and trusts that an All-wise Providence may spare him to us for many more years of service. Thanks be to God for this Christian gentleman, whose example is a shining light for all generations. And be it further

It shall be the special duty of said committee to recommend whether there shall be a pro-Cathedral congregation distinct from the Cathedral congregation, of which every member of the church in the Diocese is a member, and if so, to recommend the proper organization and limitations of such pro-Cathedral congregation.

Mr. Edward N. Rich offered the following amendment, and, on motion, the resolution and the amendment thereto were made the order of the day immediately after the election of the Standing Committee to-morrow:

Mr. T. J. C. Williams offered the following resolution, which was unanimously adopted:

And that, after making such division, a district appropriate in size and population shall be assigned to each church and chapel in the city, the rector and vestry thereof accepting it. That each church accepting a district shall be responsible for religious and charitable work therein among people who have been baptized into the Episcopal Church, but are not affiliated with any congregation and who do not attend any church, and whose children do not attend church schools.

The Rev. William A. Crawford-Frost offered the following resolution, and on motion it was referred to the Social Service Section of the Executive Council, with the direction that it be reported back to this Convention:

WHEREAS, At an instituted conference for Church Work recently held at the Diocesan House, subjects like Bolshevism and Socialism were discussed in such a manner as might give rise to misapprehension of the attitude of our Church upon such subjects; therefore be it

Resolved, That the Marxian doctrines of the materialistic interpretation of human history, the inevitable exploitation of labor by capital, the necessity of a class war and the ultimate dictatorship of the proletariat, or any other dictatorship, logically and actually lead to widespread robbery and murder, as has been proven in Russia and other countries of Europe; that such views are contrary to God's Word and to the teachings of Jesus Christ, and that it is the duty of every minister of the Gospel of Peace to drive away from the Church all such strange and erroneous doctrines.

On the other hand, this Convention believes that the spirit of God, working in the hearts of men, will gradually bring about the triumph of love over hatred, and the conquering of all merely self-seeking competition by friendly co-operation; and to further this end, this Convention pledges itself not only to discountenance any movement that tends to excite suspicion and resentment between classes, but also to give its active support to every reasonable effort that is made by the State or Federal Governments to promote a spirit of brotherhood and fair play between all the elements of our American life.

Mr. George C. Thomas offered the following resolution:

On motion the lay nominations were closed.

The Rev. H. P. Almon Abbott, D. D., presented the Report of the Department of Social Service of the Executive Council, to which was referred the resolution introduced by the Rev. William A. Crawford-Frost.

REPORT OF THE DEPARTMENT OF SOCIAL SERVICE OF THE EXECUTIVE
COUNCIL ON THE RESOLUTION INTRODUCED BY THE
REV. WM. A. CRAWFORD-FROST.

The preamble of the resolution condemns an interesting conference arranged for by the Department of The Church Service League.

The subjects were discussed by an instructor in economics and social ethics of Harvard University. These subjects were presented not by an advocate, but by an instructor, and in no way committed the Church to any economic doctrine. The lectures were informational.

It is not deemed advisable to pass resolutions instructing the clergy to drive away from the Church views and doctrines that lead to robbery and murder. This can well be left to the sound sense of the clergy. Nor does it seem wise to commit the Convention beforehand to legislative measures which may be brought before the State and Federal legislatures.

Your Department on Christian Social Service recommends that the resolution be laid on the table.

H. P. ALMON ABBOTT,
for Department of Social Service.

The report was accepted, and on motion Mr. Crawford-Frost's resolution was laid on the table.

Mr. Blanchard Randall was nominated as Treasurer, and on motion the ballot was dispensed with and he was declared elected.

Mr. Edward N. Rich presented the Report of the Trustees of the Hannah More Academy, which was ordered printed. (See Appendix No.11.)

Messrs. James A. Ambler, Redmond C. Stewart, Edward N. Rich and Dr. Joseph S. Ames, Trustees of the Hannah More Academy, whose terms had expired, were nominated to succeed themselves, and on motion the ballot was dispensed with and they were elected.

The Rev. Smith Hilton Orrick presented the Report of the Trustees of St. James School, which was ordered printed. (See Appendix No. 12.)

The Bishop then stated that Mr. Charles O. Scull had paid a floating indebtedness of St. James School, and made improvements to the property in the total sum of four thousand dollars; and that Miss Anne F. Maddox had assumed payment of a mortgage debt of six thousand dollars, thus liquidating all the present financial obligations of the Trustees of the School.

Mr. J. Frank Turner presented the Report of the Maryland Home for Friendless Colored Children, which was ordered printed (see Appendix No. 13), and the resolution accompanying the same was adopted. It is as follows:

Resolved, That the election of Dr. William Page Dame, D. D., for the unexpired term of Dr. Cook be confirmed. That Messrs. George B. Murphy, Robert H. Livingston, E. Allen Lycett and Baltry Barton be elected for three years, and Mr. Nathaniel D. Sollers be elected to a vacancy for one year on the Board.

On motion the resolution of Mr. George C. Thomas, and the amendment thereto by Mr. Edward N. Rich which had been made the order of the day after the election of the Standing Committee, was advanced and made the order of

the day immediately after Order of Business No. 22.

The Rev. Romilly F. Humphries, D. D., presented the Report of the Department of Christian Social Service, which was ordered printed. (See appendix No. 18.)

SECOND DAY.

Thursday, January 27, 1921.

After morning prayer—which was said by the Rev. Henry Howard Marsden and the Rev. William Fargo Bayle, the Bishop saying the Benediction—the Bishop took the chair.

The minutes of the previous day were read and approved.

The names of the clergy and lay delegates who had not responded yesterday were called, and several answered to their names.

The Bishop appointed the following committee, which was called for by Mr. Williams' resolution: The Rev. Romilly F. Humphries, D. D., the Rev. Simeon Arthur Huston, the Rev. Arthur B. Kinsolving, D. D., the Rev. William Dallam Morgan and the Rev. Benjamin B. Lovett, D. D.

Mr. Edward N. Rich, with the unanimous consent of the Convention, withdrew his amendment to Mr. Thomas' resolution, and offered the following resolution, which was adopted:

Resolved, That until further action by this Convention, no debt or obligation shall be incurred in the name or on the credit of this Convention for any matter in connection with the building of the Cathedral or any of its associated buildings.

The order of the day being the resolution, introduced by Mr. Thomas, it was considered and declared carried. A division was requested, and it was adopted by a vote of 82 ayes and 18 noes.

Mr. George C. Thomas, who voted in the affirmative, moved that this resolution be reconsidered, and was seconded

by Mr. Gibson, who also voted in the affirmative, and the motion to reconsider was adopted by a two-thirds vote.

It was then again considered and adopted.

The Bishop, in pursuance of said resolution, then appointed the following committee: The Rev. Hugh Birckhead, D. D., the Rev. H. P. Almon Abbott, D. D., the Rev. William Dallam Morgan, and Messrs. Edward Guest Gibson, Edward N. Rich and George C. Thomas.

The Rev. H. P. Almon Abbott, D. D., presented the budget of the Executive Council for the year 1921, which was duly approved. It is as follows:

BUDGET OF THE EXECUTIVE COUNCIL.

The Executive Committee herewith presents for approval and adoption a budget of \$280,000 for all the work committed to it, for the Diocese and the General Church, for 1921. This budget covers the departmental budgets presented to and approved by the Executive Council, as required by Section 6, Canon VIII, and also the apportionment upon the Diocese of Maryland by the Presiding Bishop and Council of the General Church for the current calendar year.

In presenting this budget for approval and adoption, the Executive Council would draw the attention of the Convention to the fact that this budget is the budget of the second year of the Nation-wide Campaign three-year period, similar to the budget of 1920, with the addition of necessary increase to administer the affairs of the Diocesan House.

At 12 M. prayers were said by the Bishop.

The order of the day being the election of the Standing Committee, the Rev. Arthur B. Kinsolving, D. D., withdrew his name; there then being but four clerical and four lay candidates, on motion the Secretary was directed to cast the ballot, which was done, and the following were declared unanimously elected:

A ballot was then taken and the tellers retired.

Mr. Joseph Packard offered the following resolution, which was adopted:

The Bishop then appointed Messrs. Joseph Packard, Herbert M. Brune and Edward Guest Gibson such committee.

On motion of the Rev. George Freeman Bragg, Jr., D. D., the nominations made by the Bishop for the Executive Council were approved:

APPENDIX ONE

THE BISHOP'S ADDRESS.

(Journal, p. 2)

My Dear Brethren:

For the eleventh time I have been able to visit officially every parish in the Diocese during the current Convention year, and herewith submit my Journal for the twelve months ending December 31, 1920, with statistics as follows:

November 24, 1920, Ronalds Taylor, to the Diocese of Washington.

The Rev. Dr. Philip Cook was consecrated Bishop of Delaware on October 14, 1920, and the Rev. Lionel B. P. Ayscough, Deacon, was dropped, he having made no report to me for ten years past, and the most diligent search upon my part failing to locate him anywhere in the Anglican Communion.

Beginning the last Convention year we had 126 clergymen canonically resident. During the year we added 11 by Letters Dimissory and 2 by Ordination. We lost 11 by Letters Dimissory, 2 by death, 1 by Consecration and 1 by elimination. There are, consequently, now 124 diocesan clergymen in canonical connection—1 Bishop, 122 Priests and 1 Deacon. Of this number 15 are non-parochial, 2 of whom have a seat and vote in this Convention under Article II of the Constitution. Of the parochial clergymen 8 have been canonically resident less than six calendar months and have no seat, or vote, in this Convention, but do have a warm welcome as brethren among us and a most cordial invitation to be present at all our proceedings.

The Official List then, herewith furnished, designates 103 clergymen with seat and vote.

The Postulants admitted Candidates were:

Gustave Hamilton Caution, Arthur Lee Kinsolving.

The Candidates made Deacons were:

Samuel Moor Shoemaker, Jr., Henry Percy Veazie.

The Deacon ordained Priest was:

Henry Percy Veazie.

There are 78 Lay Readers, 5 Probationers for Postulancy, 3 Postulants and the following 13 Candidates for Priest's Orders:

Alexander K. Barton,	Victor S. Ross,
Harry Graham Bragg,	Cornelius R. Dawson,
Edmund L. Gettier, Jr.,	Herbert E. Catlin,
Edmund B. Trotman,	Theodore N. Barth,
Reginald R. Genois,	Paul Hartzell,
Rush Wiley Smith,	Gustave Hamilton Caution,
Arthur Lee Kinsolving.	

The name of Maurice J. Kendall was dropped from the list of Candidates.

The following clergymen have authority to officiate under Special License:

A. DeR. Meares,	E. H. Brosius,	William Schouler,
Edwin C. Alcorn,	Chester M. Smith,	E. DeS. Juny.

On October 26, 1920, I received and accepted Letter of Transfer for Deaconess Elizabeth D. Boorman from the Diocese of Georgia.

On May 24, 1920, I granted Letter of Transfer to Deaconess Margaret S. Peet to the Diocese of Texas, and also, on October 15, 1920, to Deaconess Katrina L. Patterson to the Diocese of New York.

We have the following named Deaconesses now canonically resident: Edwardina Crane, Anna E. McDonald and Elizabeth D. Boorman.

During the year I received and disbursed money for the purposes for which it was contributed, as follows:

From Bishop's Guild.....	\$1,400.00
" Woman's Auxiliary.....	1,000.00
" Little Helpers.....	55.00
" Income and Gifts for Theological Education....	764.82
" Guilds and Church Schools—Bishop's Penny ...	167.48
" Sundry Contributors to Bishop's Budget.....	930.00
" Visitation Offerings.....	1,348.54
" Maryland Church Building Fund.....	128.55
" Interest on Deposits.....	24.86
Total.....	<u>\$5,819.25</u>

The two clergymen who passed to their reward during the year were Frederick Charles Fraser Shears and Levin Johnson Sothoron.

Mr. Shears was born in Bay Roberts, Newfoundland, and was 43 years of age at the time of his death on the twelfth day of February, 1920, occasioned by pneumonia. He was educated at St. Katherine's Hall, Oxford, England, and St. John's Theological Seminary, Newfoundland, where he was also ordained. He served several parishes in our Diocese,

in all of which he made full proof of his ministry. At the time of his death he was rector of Trinity Parish, Long Green, and St. John's Parish, Kingsville, where he was doing a good work to the satisfaction and profit of his people and with the manifest blessing of God.

Mr. Sothoron was born in Washington, D. C., September 12, 1844, and received his education in private and public schools of that city. He was a graduate of the Theological Seminary, Alexandria, and was ordained Priest June 6, 1872, entering at once upon his ministry of forty-one years. His ministrations were confined to the two Dioceses of Virginia and Maryland, ten years in the former and thirty-one in the latter. For more than twenty years he had charge of Christ Church, Rock Spring, and Holy Cross, Rocks, retiring therefrom, with the love and esteem of all his people, September, 1913, and taking up residence at Reisterstown. There he fell asleep on April 12, 1920, his spirit—that of a “just man made perfect”—passing into the revealed presence of Him whom he had loved sincerely and served most faithfully.

(Let us pray.)

DIOCESAN HOUSE.

The last Convention approved and ratified the purchase of the property No. 409 North Charles Street for Diocesan use and authorized the sale of our Madison Avenue property and its legal transfer to the purchaser by the Bishop, as President of the Convention. (Journal, 1920, pp. 8-9.)

Both these transactions have been fully consummated and the figures involved are set forth in the report of the treasurer of the Executive Council to this Convention. These figures, however, do not cover the cost of the Bishop's Chapel, which was transferred from Madison Avenue to Charles Street by Mr. Blanchard Randall at a personal expense of several thousand dollars, nor the equipment of the Bishop's office, which was also furnished and paid for by individuals.

I am sure the Convention will want to express to Mr. Randall the appreciation of the Diocese for the favor he has thus conferred, which is only one of many generous contributions we are constantly receiving at his hands.

We also owe a debt of gratitude to Messrs. Edward Guest Gibson and Arthur Boehm for the invaluable services they rendered in these purchase and sale negotiations, free of charge.

The profitable results we have already realized from our change of diocesan headquarters cannot be measured in money terms. Every activity of the Church is now operating there, and it is a veritable beehive of intelligent, effective industry. We have also placed our assembly room, with a capacity of 200 sittings, at the disposal of any appropriate civic gathering and are gradually establishing a community, no less than a church, center. Public daily religious services are held in the Chapel at

noon, lasting fifteen minutes only, and there is a celebration of the Holy Communion every Wednesday morning at half past nine o'clock. I wish all our people who can would attend these services, at least occasionally, if not regularly. And I certainly hope every member of the Church, who can conveniently do so, will during this year visit the Diocesan House, if for nothing more than to get a proper idea of it and what is being done in and from it.

But no inspection of this Diocesan property would be complete that did not include the adjacent Home of the Girl's Friendly Society, at No. 417 North Charles Street. Too much praise cannot be given the executive officers of this organization for the wisdom and worth of their action in securing this most admirable location, and thus enabling us to put our Church in the forefront of community life and progress by the ownership and occupancy in such close proximity of the two sites in question. Their cafeteria has no superior in the city, and already has a large daily luncheon patronage. The granting of \$15,000 of the Nation-wide Campaign Fund to assist in paying for the Girls' Friendly Society Building was a most proper and profitable use to make of that sum, and I am glad the Committee on "Asking and Grants" so appropriated it.

EXECUTIVE COUNCIL.

The Executive Council elected by the last Convention under the provisions of Canon VIII was duly organized, and in the exercise of the authority committed to it has through its various Departments been faithfully administering the affairs of the Diocese coming under its jurisdiction. A full account of its acts and proceedings will be presented to the Convention in its proper place under our regular order of business today, and in the more detailed reports of the Departments tonight.

I cannot, however, refrain here from expressing my appreciation of the fidelity to duty every member of the Council has shown, the ability with which that duty has been discharged, and the great assistance it has all been to me. The year has not been an easy one, but many times the sharpness of its edge has been turned by the kindly, opportune interposition of the Council.

And so, too, with the officials it furnished and the committees it created. In the two Archdeacons I have found valuable assistants. Their familiar knowledge of conditions, their intelligent conception of their duties and their steady, faithful discharge of them, have already produced beneficial results which will be permanent in the constructive fabric of the Diocese. Their effort has been without parade or pretension and has been all the more durably effective on that account.

The "Carry-on Committee" of the Nation-wide Campaign, under the chairmanship of the Rev. Dr. LaMothe, has constantly given me courage and cheer by its continuous, comprehensive and persevering endeavor.

The Committee on "Asking and Grants" had a most delicate and difficult task, and the manner in which the seven laymen and five clergymen comprising it performed their work challenges comparison. Because of the many considerations involved in the sphere and purpose of this Committee I deem it proper to give their names and parochial affiliations as part of the record of this, my official communication to the Convention, as follows:

Mr. George S. Jackson, of St. Paul's Church, Baltimore, and St. Thomas' Church, Garrison Forest.

Mr. D. K. Este Fisher, of Emmanuel Church, Baltimore.

Mr. A. J. Dietrich, of St. Thomas' Church, Homestead.

Mr. C. J. B. Swindell, of Ascension Church, Baltimore.

Mr. Charles E. Falconer, of Grace and St. Peter's Church.

Mr. Edward N. Rich, of the Church of the Messiah.

Mr. George C. Thomas, of the Church of St. Michael and All Angels.

The Rev. Thomas H. Yardley.

The Rev. Dr. Wm. A. McClenthen.

The Rev. Wm. Dallam Morgan.

The Rev. Dr. Edward D. Johnson.

The Rev. Ambrose H. Beavin.

This Committee, in conference and co-operation with the members of the Department of Finance—Messrs. Charles O. Scull, Blanchard Randall and Tasker G. Lowndes—considered all appeals for appropriations from the Diocesan Campaign Fund and determined and allotted all grants made in response thereto. In computing the amount available for their purpose they considered the published accepted quota of every congregation a solvent asset for three years, and made their grants on that basis, deducting only 5 per cent for possible delinquencies.

How fully this confidence was warranted is evidenced in the Nation-wide Campaign Financial Report, which the Treasurer will submit to this Convention. Surely the 8 per cent deficit there shown, to the first instant, will be fully and promptly met by the congregations responsible for it, in response to the resolution of the Executive Council already sent them. I am confidently relying upon this being done.

I quote the closing paragraph of the report of this "Askings and Grants" Committee: "The Committee has made a careful examination of every 'Asking'." And I enlarge on that quotation by adding that every examination was made locally, right on the ground of the "Asking."

No official could do merely for pay what the treasurer of the Executive Council, Mr. Arthur Boehm, has done during the year for love; and ~~ex~~-Governor Goldsborough has also given us of his time and talent as Nation-wide Campaign Fund treasurer. This latter office is now merged with the former, at the ~~ex~~-Governor's request.

No other act of the Council, I know, will be received with quite so great pleasure as the creation of the office of "Chancellor" (under authority of Section 3, Canon VIII), and the unanimous election of Mr. Joseph Packard to fill it. For half a century Mr. Packard has been not only a member of this Diocesan Convention, but, during most of that time, has also been the Moses who always delivered it from arbitrary bondage and led it out of every wilderness of confusion. During the recess between Conventions, this "man named Joseph, a counsellor; a good man, and a just; who also himself waited for the kingdom of God" (St. Luke xxiii, 50-51), has been the Bishop's familiar friend, adviser and guide, lo, these many years, and it is most fitting that on this fiftieth successive annual occasion of his presence here I should present him to you as the "First Chancellor" of the Executive Council of the Diocese of Maryland—the Diocese he loves so well and where he is so dearly loved in turn by every member of it and by the Bishop more than by all others, because the Bishop owes him more than do all others.

(Presentation of testimonial to Mr. Packard by the Convention, through Messrs. Edward Guest Gibson and William W. Chipchase.)

To the action of the Executive Council, the different Departments, officials and committees; and no less to the harmonious, enthusiastic team work of the clergy and laity and the Divine blessing upon it all, I attribute the splendid 100 per cent accomplishment of our congregations generally. Those who have kept in touch with the year's work are familiar with immediate diocesan results, as follows:

(1) The substantial increase of salaries for 26 missionary clergymen and an equal number of rectors and assistant ministers. (2) Grants aggregating \$166,605 to 35 parishes and congregations for Church Extension. (3) Grants aggregating \$70,000 to Diocesan Institutions and Organizations. (4) Grant of \$6,000 for Diocesan Religious Education. (5) Grant of \$25,000 for Diocesan House purchase. (6) Grant of \$120,000 for Diocesan Missions and Extension. (7) Two Archdeacons for service in Baltimore City Convocation and the three rural Convocations, respectively. (8) An increase of 300 per cent over any preceding year in our contributions to the General Church. "According to this time it shall be said of Jacob and Israel, What hath God wrought!" (Numbers xxiii, 23.)

But more than this—these financial returns are also a spiritual barometer. It is noticeable in all Dioceses, and in none more so than in ours, that in the congregations where there has been the largest number of quota contributors and the most generous contributions there has also been, and is, increased and increasing spiritual activity. Only another evidence is this of the wisdom of the Master when He said: "Where your treasure is, there will your heart be also." (St. Mat. vi, 21.)

Furthermore, where there has been this general and generous giving to the Nation-wide Campaign Fund, there has also been a corresponding augmentation of offerings for purely parochial purposes. I have had numerous instances of this cited by persons with whom I have talked from other Dioceses, but it is especially so in Maryland, rural, suburban and urban, where the average increase of parochial budgets for 1920 over 1919 was 91 per cent. The development is uniform, the increase is universal. Why should any hesitate to practice an experiment that has in no single case, where given a fair trial, spelled "failure"?

And, moreover, a splendid altruistic spirit has marked our progress. There has been little petty complaint upon the part of any that we were doing more than others, and this is what should be here and elsewhere. For no one is responsible to God for anything on the basis of the ability of his fellowman. Everyone is thus responsible for the full exercise of his own ability, regardless of the fidelity or failure of others. Of that responsibility we should all make voluntary acknowledgment here, for if we do not we shall all make compulsory confession of it hereafter. Every talent hidden in time will be uncovered in eternity. "For there is nothing covered, that shall not be revealed; neither hid, that shall not be known." (St. Luke xii, 2.)

CENTRALIZATION OF WORK.

One of the things the Archdeacons and myself are striving for is a more practical centralization of scattered dependent congregations, especially in the rural Convocations. It is a difficult problem, but we are approaching it from several different angles, and I hope to be able to report material progress to the 1922 Convention. Largely through the effort and influence of the Rector of Christ Church, and the Archdeacon of Baltimore, we have effected a most satisfactory combination between the congregations of Christ Chapel, Fells Point, and the Memorial Church of the Holy Comforter, in East Baltimore. The combined congregations, with the assistance of a grant of \$3,600 from the diocesan Nation-wide Campaign Fund, put the Holy Comforter Church building in good repair, called a rector, the Rev. Paul L. Powles, at a satisfactory salary to be paid by themselves, and are carrying on a work now the success of which is very marked. This affords quite significant diocesan relief.

Plans have been formulated for the removal to better locations of St. Thomas' Church, Homestead; St. Philip's Church, Highlandtown; and Grace Chapel, Mt. Winans. The noble Dietrich family have set a fine example to others by donating a splendid tract on Alameda Avenue to St. Thomas' Church. We have purchased from the city the best located lot in East Baltimore for church purposes for St. Philip's congregation, and negotiations are in progress for the purchase of the Mt. Winans new site.

St. Andrew's Church, Hamilton, has merged with the Church of the Messiah and building plans have been prepared for a complete parochial plant in a most strategic center of that rapidly developing suburb. In the meantime the thus augmented Messiah congregation is worshipping temporarily in a public hall in Hamilton and the attendance upon the services is most gratifying. Here again this merger released a large diocesan appropriation.

Attention is also being given the community comprising St. Helena and Dundalk with the hope of eventually improving conditions of worship there.

Present contemplated realignments in the rural districts embrace All Saints', Calvert county, and Smithsburg, Clear Spring and Indian Spring, Washington county. We are also arranging to put a colored clergyman in charge of St. Philip's congregation, Cumberland.

CATHEDRAL.

The report of the Trustees of the Cathedral Foundation will be presented in due order, and you will learn from it of the progress of the Synod Hall construction and the splendid endeavor of Mr. Van Lear Black and our Citizen's Committee in their co-operation with the Trustees for the completion of the First Unit Building of the Cathedral Group; also of the beautiful Victory Cross erected and dedicated, and the significant community gatherings held on the Cathedral grounds, under the auspices of the Cathedral League of Women. I cannot express too strongly my desire for a contribution, large or small, from every member of the Church in the Diocese to this Synod Hall Fund, so that we may push its construction to a finish and have it available for our Convention purposes next year. You will be asked by the Canon-in-Charge to designate the pro-Cathedral as the place of our 1922 meeting, and I hope you will do so.

CHURCH HOME AND INFIRMARY.

For the first time in the history of our Church Home and Infirmary we appealed to the public last fall for assistance to enable us to enlarge our facilities so we might do our part in meeting the demands of the community for home and hospital accommodations. While the response was fairly generous for the times and under existing conditions, it was not adequate for our needs. We had a superb campaign chairman and a remarkable organization, comprising many members of our own Church, many of other churches, and some of no religious affiliation or profession. The work of soliciting was done intelligently, enthusiastically and perseveringly. The cause was a noble one and its advocates were worthy of it, but only about 50 per cent of the sum sought was realized when the campaign was suspended, although not abandoned. It is still on, and will continue until the sum required for the immediate project is assured.

These are hard times. Appeals for worthy objects are numerous and resources to meet them are limited, but notwithstanding this, there is ample in the possession of the members of our Church that could be spared in varying sums to complete our Church Home and Infirmary Campaign Fund, and it is to our reproach and unworthy of us that we do not turn it loose to meet this urgent need of our own household. It should be such an uncomfortable burden upon our diocesan conscience as to move us to action meet for repentance and show our faith in God through the accomplishment of this particular good work for our suffering fellow-men. In this connection, God help us as a Diocese, and no less as individuals.

CHURCH LEAGUE FOR SERVICE.

One of the great accomplishments of the past year was the assembling of all our woman's organizations in one body called "The Church League for Service." This merger, without affecting the entity or identity of any, has as its object the active, co-operative, co-ordinated endeavor of all. And if the successful results of the few months of its existence are any augury of its future, it will prove the most effective movement of this generation for the welfare of the Church through the work of women. That it may so be is our hearty wish and earnest prayer.

LAMBETH CONFERENCE.

The Conference of Bishops of the Anglican Communion known as "The Lambeth Conference" was held at Lambeth Palace last year, July 5th to August 7th, and much has been said and written regarding it.

It is not my purpose now to discuss its message to mankind. Any really profitable consideration of that message must be gotten from a personal perusal and study of the Certified Reports and Resolutions. Furthermore, such a study is necessary if we would escape being deceived regarding its real conclusions by the perpetual misuse many are making of extracts, quoted from the reports of the different committees, and mis-statements they are presenting as expressing the deliberate voice and pronouncements of the Conference as a whole. The fact in this respect is that not one of the eight reports presented by the respective committees has behind it the affirmation of the Conference. Some of these reports, in the form they bear, I am sure, could not have commanded anything like a majority approval, and not one of them a unanimous acceptance. Only the Resolutions, accompanying the Reports, which were adopted by the Conference are authoritative and representative of the whole body. And many of those Resolutions, changed by the Conference, as they were, from the form in which they were presented by the committees, modify materially the meaning and purpose of the Reports which they are supposed to interpret, and to which they were intended to give force. The Reports were not even discussed on the floor of the Conference. They

were simply presented, received, and ordered published as voicing the opinions of the several committees.

Personally I could not subscribe to all that was in any one of them, even signing the report of the committee of which I was a member with a reservation attached.

Only the eighty Resolutions were debated, and after thorough and searching consideration were adopted as the judgment of the Conference. But in no case was there a unanimous vote, and it is not fair to take any one of these Resolutions out of the series embracing it for argumentative use. They are inter-related and the true interpretation of any is dependent upon the spirit of all.

Let me quote you from the "Note" appended to the Encyclical Letter:

"The judgment of the Conference is expressed in the Resolutions, eighty in number, appended to this Letter. These, and these alone, are affirmed by the Conference. The Reports, which are also printed herewith, have been received by the Conference; and the Conference has directed that they should be published; but the responsibility for the statements and opinions which they contain rests with the several Committees by whom they were prepared."

And then again from the Notes published between the Resolutions and the Reports:

"The following Reports must be taken as having the authority only of the Committees by whom they were respectively prepared and presented. The Committees were not in any case unanimous in adopting the Reports."

"The Conference, as a whole, is responsible only for the formal Resolutions agreed to after discussion, and printed above."

I have been impelled to present this matter to you, because here and elsewhere, organizations and individuals, whose motives I do not asperse, but whose methods I deprecate and condemn, have made the misrepresentations to which I allude, and in a manner calculated to cause dissension in the Church and prejudice its members one against another.

And this is no time for such conduct. The welfare of the world, as never before in the history of human life, is dependent upon the unity and harmony of all mankind, and especially of the people of God.

The preservation of civilization and the conservation of the institutions incident to it, and between and among which there are reciprocal interests and consequent universal interdependence, are pleading for constructive accomplishment.

History records an upward progression of ideals and morals with the passing of the centuries, and we may be assured there will be no reversion of this procedure until the purpose of the over-ruling Providence guiding and directing it shall have been fulfilled. True, this progression has been

intermittent, but every cessation has incubated incentive for, and given birth to, a period of greater activity for the establishment of good and the overthrow of evil. And while in this age practices contrary to the law of God and perverse of human happiness prevail, and at present seem almost to possess the earth, they are not, as formerly, generally recognized and condoned as necessary conditions of life.

They are under indictment and condemnation in every respected world-court of public opinion, and the realization of human happiness is absolutely dependent upon the verdict of this court being satisfied by action for the banishment of these prevailing evil agencies from all individual, national and international existence.

For this action there must be united will, and this will and its exercise God is everywhere invoking, but especially so here in our land where He has given so bountifully and from which He is reasonably expecting corresponding responsiveness. He thus calls us as an expression of His favor towards us. Let us not deceive ourselves. We are not indispensable to Him and the final accomplishment of His purpose to make this earth a place of peace and good will. He is affording us the opportunity, as He afforded other nations before us. They failed Him and perished. But that was only an incident to Him. His plans are perfect and His march of progress to the goal of accomplishment is eternal, no matter whom He may have to set up, because of others falling by the way. If He cannot work and win through us, He will work and win without us and through our successors. His aim is victory, in which we may share if we will, but in which we shall have no part if we merely wish and will not.

As individuals we must forsake idleness and extravagance and put on habits of toil and thrift.

As home is the highest idea we have of Heaven beyond, we must strive to realize Heaven in the purity and sanctity of our home life here.

In our business dealings of whatsoever kind, we must be upright and square, satisfied with legitimate returns, making honest contracts, and always meeting them to the limit of our power, thus "swearing unto our neighbor, and disappointing him not, though it be to our own hurt." (Psalm xv, 5.)

Both capital and labor must be productive, and to this end capital must recognize labor as capital and labor must recognize capital as labor, mutually agreeing on a fair day's wage for a fair day's work, nothing less and nothing more on either side, and living up to the agreement on both sides.

Above all we must have that practical faith in God that finds full and free expression in love for our fellowmen—in adversity no less than in prosperity—and even more in the former than in the latter.

This faith in God for us, both clerical and lay, calls for loyalty to the sacred and solemn vows of our Church membership; for love to Him who came to bring us our spiritual life; for gratitude to Him for the abundant nature of that life; for the indestructible enthronement of the Holy Scriptures as the Word of God, of the Apostles and Nicene Creeds as our Confession of Faith, of the Holy Sacraments of Baptism and the Supper of our Lord as generally necessary to our Salvation; and of the Continuity of Orders bearing the Commission of Christ and the authority of the whole body of Christendom, for the guardianship and preservation of all. As well pluck the Constitution from the structural fabric of our State Government as eliminate the Creeds and Sacraments from the body of the Christian Church.

Suggestion of such action should ever be treated as an expression of lawless religious Bolshevism and, please God, always will be so treated here in the Diocese of Maryland.

As a nation—an aggregation of individuals—we must not only wish, but also will for peace—"seek, and ensue it."

In our domestic affairs we should revive and permanently re-establish respect, now almost decadent, for duly constituted authority, enthrone protection for human and property rights, and afford every one equal opportunity before the law for the right to acquire and possess property.

Inequality of birth or position in life should prove no handicap to aspiration and endeavor for any position in society, or state, or for possessions of honest acquisition in this our "government of the people, for the people, by the people." Neither, however, should it be a license to any to disregard the rights of others more fortunate than themselves, to violate established law, or to destroy the system of order necessary to community welfare.

In our negotiations with foreign governments, we should propose and, if possible, perfect plans for comity, mutual understanding and the establishment of co-operative relations in every sphere of trade and commerce. Ourselves united, we could afford to set an example of good will for the harmony of the world, by action that would indicate not only desire, but also determination, for an era of international forbearance and love. And our appreciation of, and gratitude for, this unparalleled opportunity should impel us to affirmative action.

Such action would be no indication of weakness, but a revelation of conscious strength and ability to care for and protect ourselves against any and all foreign unlawful aggression or unjust usurpation.

As a God-fearing Government, confident that "right makes might," we cannot afford to impoverish our people by further taxation, and other exactions to augment our offensive position. To do so would be to proclaim to the world that "might makes right," and so vindicate the position of

the Central Powers and repudiate the cause of the Allies in the recent "war to end war."

Might and power are absolutely necessary for any worthwhile achievement. But these we always have had, and now have, sufficient for all our legitimate needs, if they be exercised in unity and in the "Spirit of the Lord." If otherwise exercised, they are nothing worth. "Not by might nor by power but by My Spirit, saith the Lord of Hosts." (Zach. iv, 6.)

We are entering upon a new era in the prevailing conditions of the world. If in our quest for happiness, prosperity and peace, we will be "laborers together with God"—ourselves one, and one with Him—we shall find as individuals that "the fear of the Lord is the beginning of wisdom and to keep His commandments the whole duty of man." And as a Government we shall form alliance with that "righteousness which exalteth a nation" and sever our relations with that "sin which is a reproach to any people." (Prov. xiv, 34.)

God help us, my dear brethren, here in the Diocese of Maryland, as Christians and patriots, so to do.

(Let us pray.)

"Lord, we beseech Thee to keep Thy household the Church in continual godliness; that through Thy protection it may be free from all adversities, and devoutly given to serve Thee in good works, to the glory of Thy Name; through Jesus Christ our Lord." *Amen.*

Inserted the following advertisement in the daily newspapers: "The form and stated sponsorship of 'paid advertisements under the auspices of the Church League for Industrial Democracy' appearing regularly in the Saturday Evening Baltimore News, among the Church notices, naturally suggests to the public generally and to members of the Protestant Episcopal Church particularly, the question whether the Protestant Episcopal Church is responsible for such advertisements, and is advocating and propagating the ideas therein promulgated. For the information of the public and assurance of our Church members who may be disturbed by the said publication, I deem it incumbent upon me to state that the so-called 'Church League for Industrial Democracy, a national organization composed of members of the Protestant Episcopal Church,' is *purely a voluntary association, and has no official connection with, or recognition by, the Protestant Episcopal Church in the Diocese of Maryland, or the General Convention, or the Presiding Bishop and Council, of the Protestant Episcopal Church in the United States of America.*" Consideration of affairs of Maryland Churchman and diocesan correspondent for general church papers; gave canonical consent to the ordination and consecration of the Rev. REPORT OF THE EXECUTIVE COUNCIL OF THE DIOCESE OF MARYLAND.

1920-1921

(Journal, p. 5.)

Five regular meetings and one special meeting of the Executive Council have been held during the Convention year.

The organization meeting was held at the earliest possible date after the Diocesan Convention authorizing the formation of an Executive Council, namely, Tuesday, February 3, 1920, and as befitted such a novel departure in the method of our ecclesiastical government, in the new Diocesan Church House, 409 North Charles Street. At this meeting inaugural business, necessitated by compliance with Canon VIII creating the Executive Council, was transacted. Mr. Arthur Boehm was elected Treasurer of the Council. Comprehensive by-laws governing the requisite procedure of the Council were adopted. The Bishop nominated members of the different departments of the Council, all of which nominations were unanimously approved.

Department of Missions and Church Extension: The Rev. Arthur B. Kinsolving, D. D., chairman; the Rev. Douglass Hooff, Mr. Edward Guest Gibson and Mr. Charles O. Scull.

Department of Religious Education: The Rev. Philip Cook, D. D., chairman; the Rev. H. P. Almon Abbott, D. D., Mr. Samuel Shoemaker.

Department of Christian Social Service: The Rev. Hugh Birkhead, D. D., chairman; Mr. Blanchard Randall, Dr. Henry Barton Jacobs.

Department of Finance: Mr. Charles O. Scull, Mr. Blanchard Randall and Mr. Tasker G. Lowndes.

Department of Publicity: Rev. S. Arthur Huston, chairman; Mr. Tasker G. Lowndes.

Acting upon the spirit of the resolution presented by Mr. H. J. Jewett (see Journal of Proceedings, 1920, page 29), providing for the continuance of the rural Archdeacons on such terms and under such names as not to be inconsistent with the provision of Canon VIII, the following resolution was unanimously adopted:

That the territorial divisions of the Diocese as fixed by Canon IX (of

1897 and 1903) be continued; except that all Parishes and Missions situated in the City of Baltimore according to the boundaries established by the Annexation Act of 1918 shall be considered hereafter as part of the city parochial system; and that the designation of these several divisions be the same as heretofore, with the substitution of the name Convocation for that of Archdeaconry.

In this connection, it was also

Resolved, That the missionary work of the three Convocations of Annapolis, Cumberland and Towson shall be in charge of one official with the title of Rural Missionary, and that the non-parochial missions of the City of Baltimore shall be in charge of another official with the title of City Missionary.

On nomination of the Bishop, unanimously confirmed by the Council, the Rev. Edward T. Helfenstein, D. D., was appointed Rural Missionary, and the Rev. Romilly F. Humphries, D. D., City Missionary. The salary of each of these officials was fixed at \$4,600 per annum.

The Rev. Edward T. Helfenstein, D. D., was elected secretary of the Executive Council.

The following Carry-on Committee, to continue the work of the Nationwide Campaign, was appointed: The Rev. John D. LaMothe, D. D., chairman; the Rev. John I. Yellott, Jr., D. D., the Rev. William Page Dame, D. D., the Rev. Theodore C. Foote, Ph. D., the Rev. Henry B. Lee, Jr., the Rev. Peregrine Wroth, D. D., the Rev. Hobart Smith; and Messrs. George C. Thomas, Robert S. Hart, Leigh Bonsal, William Meade Holladay, John Glenn, Jr., Hugh J. Jewett and Charles B. Alexander.

A Committee on "Askings and Grants," consisting of five clergymen and seven laymen, was appointed. The members of this committee being: The Rev. Thomas R. Yardley, the Rev. William A. McClenthen, D. D., the Rev. William Dallam Morgan, the Rev. Edward D. Johnson, D. D., the Rev. Ambrose H. Beavin; and Messrs. D. K. Este Fisher, George S. Jackson, A. J. Dietrich, C. J. B. Swindell, Charles E. Falconer, Edward N. Rich and George C. Thomas.

The Bishop, together with the Department of Finance, was authorized to consider and pass upon all petitions for appropriations from the income of the Keel Fund. The consideration of the increase of insufficient salaries of the clergy was referred to the Bishop and the Department of Finance, with power to act.

A budget for missions of \$34,707 inclusive of the necessary additional sums to cover the budget for the Nationwide Campaign and the Executive Council for 1920, and the salary of the Rural Missionary, was approved. An allowance not to exceed \$500 per annum for the travelling expenses of the Rural Missionary was also approved.

At the second meeting of the Executive Council the office of Chancellor of the Diocese was created. Mr. Joseph Packard was unanimously and enthusiastically elected to fill that position. The reports of the departments of the Executive Council were presented and passed upon. The reports of the work covered by these departments will be presented separately to the Diocesan Convention, so that it is unnecessary to specify their activities in the report of the Executive Council, save in so far as those activities from time to time affect the policy of the Executive Council. The budgets of the various departments will be listed in the Report of the Finance Committee.

The third regular meeting of the Executive Council was occupied with the routine work of the Departments on Missions and Church Extension, on Christian Social Service, on Education, on Finance, on Publicity, and the findings of the Carry-on Committee.

The Rev. Hugh Birckhead, D. D., resigning from the chairmanship of the Department of Christian Social Service to accept the chairmanship of the Department of the Cathedral of Maryland, the Rev. H. P. Almon Abbott, D. D., was appointed chairman of the Department of Christian Social Service.

The titles of the Rural Missionary, Rev. Edward T. Helfenstein, D. D., and the City Missionary, Rev. Romilly F. Humphries, D. D., were changed to Archdeacon of Maryland and the Archdeacon of Baltimore respectively.

Owing to the absence of the Bishop in attendance upon the Lambeth Conference, a special meeting of the Executive Council, under call by three presbyters and three laymen, members of the Council, held June 25th, 1920, in the absence of the Bishop, the chair was taken in turn by the Rev. Hugh Birckhead, D. D., and the Rev. Philip Cook, D. D. The purpose of the meeting was to consider the initial and most important Report of the Committee on Askings and Grants. The full report of this committee will be presented to the Convention. It is only seemly, however, to state at this juncture, and for the further confidence of all contributors through the Nation-wide Campaign, that the personnel of this committee is in receipt of the unqualified support of each and every member of the Executive Council, and that it is the abiding decision of the Executive Council that this committee, in making appropriations covering every cent of the pledged quota of the Diocese of Maryland for Diocesan Givings for three years, has acted in conformity with the standard of good business, and manifested at the same time a loyal appreciation of the ability of the pledged givers to the Nation-wide Campaign to live up to their accredited obligations.

At the fourth regular meeting of the Executive Council, held on October 29, 1920, the resignation of the Rev. Philip Cook, D. D., as a member of the Council was accepted with deep regret, and the Secretary was requested to express to Dr. Cook, the present Bishop of Delaware, the appre-

ciation of the Council for his many services to the Council and Diocese. The reports of the several departments and of the Treasurer of the Diocese were presented and accepted. The Rev. Romilly F. Humphries, D. D., Archdeacon of Baltimore, was elected to the position of Executive Secretary of the Department of Christian Social Service—an office which he kindly consented to fill gratuitously, in addition to his other manifold duties.

The following resolutions were moved and carried:

(1) That all parishes and congregations, through their respective rectors, be informed of the amounts received in full on campaign quotas and yet to be received by the Campaign Treasurer, in order to meet the requirements for such definite undertakings as missions and increase of salaries, educational institutions, church extension (land and buildings), Girls' Friendly Society, Diocesan Church House; and that emphasis be laid upon the important bearing of this year's success upon the future, since the expectation of funds for these and other undertakings in the Diocese contemplates the continuance of the income from pledges during the year 1921-1922.

(2) That as the collections of the quotas of the Nation-wide Campaign are received, 51% shall be sent each month to the Treasurer of the Presiding Bishop and Council in New York, and the remaining 49% sent to the Treasurer of the Executive Council of the Diocese of Maryland, or more frequently as occasion may require.

The Executive Council approved the recommendation of the Carry-On Committee regarding a preaching mission in Maryland, in accordance with the plans of the General Church.

The fifth regular meeting of the Executive Council, and the last for the initial and current year, was held in the Diocesan House on January 14, 1921. Mr. Arthur Boehm presented the reports of the Treasurer of the Nation-wide Campaign, and also of the Treasurer of the Council. These reports will be presented in due order and time at this Convention.

The following resolution was carried, and the Secretary was instructed to send a copy to the proper persons:

Resolved, That notices be sent on behalf of the Council to the congregations who have not met their quotas for the year 1920, asking them, as and when received, to apply 1920 individual pledges to 1920 quotas, until the 1920 quota shall have been fully paid, and request that every effort be made to collect outstanding 1920 pledges not later than March 1, 1921.

The following resolution was also carried, and a committee appointed to put the same into effect:

Resolved, That it is the sense of this Executive Council that the difference between the sums of money received on account of 1920 pledges to the

General Church and the quota of the Diocese of Maryland for 1920 to the General Church be underwritten, and that the underwriters be reimbursed pro rata as the 1920 pledged monies come in.

Attention was called to the Provisions of Canon VIII, Section I, requiring the selection by lot, or by such rule as may be provided, of one clergyman and one layman for the membership of the Council, to be declared ineligible for service as member therein for the next Convention year. The Bishop ruled that there being one vacancy in the clerical order, created by the election of Dr. Cook as Bishop of Delaware, there was no necessity for voting any clergyman out. The case being different in the lay order, the members gave forth their lots, and the lot fell upon Mr. Samuel Shoemaker.

Acting upon the suggestion of the Department of Finance, the resignation of Ex-Governor Goldsborough, Treasurer of the Nation-wide Campaign, was accepted. The treasurership was merged with that of the Executive Council.

The Executive Council of the Diocese of Maryland, then, has functioned successfully throughout the past twelve months, the first year of its existence, under the wise, devoted and statesmanlike supervision of the Bishop of the Diocese. For all the work, administrative and otherwise, which it has been permitted to accomplish, the members would return thanks to the Great Presiding Head of the Church on Earth, in Paradise and in Heaven—Jesus Christ, the Son of God and the Saviour of Men.

Respectfully submitted on behalf of the Executive Council,

H. P. ALMON ABBOTT.

The Executive Committee herewith presents for approval and adoption a budget of \$280,000 for all the work committed to it for the Diocese and the General Church for 1921. This budget covers the departmental budgets presented to and approved by the Executive Council, as required by Section 6, Canon VIII, and also the apportionment upon the Diocese of Maryland by the Presiding Bishop and Council of the General Church for the current calendar year.

In presenting this budget for approval and adoption, the Executive Council would draw the attention of the Convention to the fact that this budget is the budget of the second year of the Nation-wide Campaign three-year period, similar to the budget of 1920, with the addition of necessary increase and administering the affairs of the Diocesan House.

APPENDIX NINE

TWELFTH ANNUAL REPORT OF THE TRUSTEES OF THE CATHEDRAL FOUNDATION

(Journal, p. 7.)

Your trustees are glad to report that more progress has been made in the past year than in any other year since the Cathedral project was undertaken. This has been largely due to the support which a body of Baltimore men, not all of whom are members of our household of faith, has given to our great diocesan enterprise. A word concerning this group is now just and timely.

During the recent great war our government committed to a small body of prominent financiers the duty of selling to the public that number or amount of Government bonds which had been allotted to the City of Baltimore. When this stupendous task had been successfully accomplished, this group of men found themselves so strongly welded together that they decided to perpetuate, if possible, their entity by the promotion of some other great task, if such could be found. In their search they examined, among other projects, the Maryland Cathedral Foundation, and were soon convinced that it presented the greatest civic as well as ecclesiastical enterprise of our time—one which, if successful would adorn our city and our State with a group of buildings unsurpassed in our land. They decided to bend their energies to this end, and freely offered themselves to the Board of Trustees for this purpose. They first approached the Bishop of the Diocese, who gladly welcomed their proffered aid; and on the eighteenth day of last May they formally acquainted the Board of Trustees with their desire, and asked permission and authority to raise, by private means, such a sum as should be deemed necessary to erect the first unit of the Cathedral group, namely, the Synod Hall, which had been in an incomplete state for the last ten years. They also expressed their willingness to underwrite this project and to furnish the funds as they might be required, provided the completion of the Synod Hall was begun at once.

Your trustees, with glad hearts, conferred upon this group of men the title of "The Citizens Committee," and gave it full authority to act as their agent in the accumulation of funds both for this first unit and for any other which it may hereafter undertake, in the earnest hope that if this Citizens Committee is successful in its initial effort it will not cease until the whole group shall have been completed.

At the great annual service of the Cathedral League, held on the eighteenth of May, the Bishop of Maryland, at the request of the trustees, made formal announcement that immediate steps would be taken to complete the Synod Hall, and that the Citizens Committee would begin at once to collect, through private donation and subscription, the sum necessary for this purpose.

The architect, Mr. Bertram G. Goodhue, of New York City, was directed to submit a new set of drawings for this edifice at the earliest possible date; and on the eighteenth of June he, in person, laid them before the Board of Trustees, and they were approved.

The firm of Morrow Brothers was selected as contractors, and they took possession of the undercroft early in August and began the work of construction, which has gone steadily forward ever since.

It was found necessary to make such alterations and additions to the undercroft as to render it unsuitable for divine worship during the period of construction; hence it was deemed desirable to erect a wooden building near the undercroft which should serve as a place of worship and, later, as a store house. This building, of neat appearance without and of churchly appointments within, was used for the first time on Sunday, the fifth of December, the pro-Cathedral congregation having occupied for several months the temporary chapel of the proposed University Baptist Church near by, through the generous courtesy of its trustees.

The corner-stone of the Synod Hall was laid by the Bishop of Maryland on the eleventh of November, being Armistice Day, in the presence of a very large concourse of people. This occasion was honored by the presence of the great French General, Robert Georges Neville, the hero of Verdun, who made a short but felicitous address. The chief address, however, was made by the Rt. Rev. Philip Cook, D. D., Bishop of Delaware. Among those present were the Hon. Albert Cabell Ritchie, Governor of Maryland, and the Hon. William F. Broening, Mayor of Baltimore.

At the close of the order of the laying of the foundation stone, another service was held on the Cathedral Grounds to commemorate Armistice Day, at which the Governor of Maryland presided, and an address was made by the Ambassador to the United States from Peru, the Hon. Frederica Alfonzo Pezet.

When this service was concluded, a short memorial service was held at the stately Victory Cross, in loving memory of the men of Maryland who made "the supreme sacrifice" in the late world war. This was conducted by the Bishop of Maryland, and a short address was made by Redmond Stewart, Esq., of Baltimore.

Thus three distinct and impressive services were held at the Cathedral grounds on a single morning, showing the varied uses to which these grounds may be put.

Those present on that day had their attention directed by the Bishop to the fact that the ground plan of the Cathedral group had been so marked on the grounds, by means of a broad gravel line and of neat signs, that it is now possible to "walk about Zion and mark well her bulwarks," and thus gain some definite conception of what stately group of buildings will, under God's prospering providence, one day crown that hill.

Allusion has already been made, in this report, to the Victory Cross. The Women's Cathedral League had, over a year ago, received permission from the Board of Trustees to commemorate the successful termination of the great war by the erection on the Cathedral grounds of a cross, to be known as the "Victory Cross." At the annual service of the Cathedral League, held on the eighteenth of May, this Victory Cross was solemnly dedicated by the Bishop of Maryland in the presence of several thousand people.

At the service the address was made by the Rev. Herbert Shipman, D. D., rector of the Church of the Heavenly Rest, New York City; and at the dedication of the Victory Cross by the Hon. E. Brooke Lee.

Near the main entrance to the Cathedral grounds has recently been erected an attractive frame building, which serves as the headquarters of the contractor and as a visiting-place for those interested in the Cathedral project. The large drawings of the architect are there displayed, and there the Lay Council of the Cathedral congregation holds its meetings. Later on, any models which may be prepared of the various buildings will there be exhibited.

Your board of trustees has lost, by resignation, three valuable members in the last year. The first and chief of these is Mr. John Glenn, Jr., who was chosen treasurer *pro tem.* at the creation of the board in 1908, and soon thereafter as treasurer, and who was elected trustee by the Diocesan Convention held in May, 1909. It is impossible to compute the valuable service which Mr. Glenn rendered to the board and to the whole Cathedral project, and his resignation of his several positions on the twenty-eighth of June filled all the trustees with deep regret. He kindly consented to act as treasurer *pro tem.* for the balance of the diocesan year, in order to bring his work to a suitable end.

Two other resignations were presented to the board on the eleventh of November by trustees who had likewise rendered very valuable service. Mr. William W. Chipchase was elected a trustee at the Diocesan Convention held in May, 1913. He also served as assistant treasurer and as chairman of the committee in charge of the old Diocesan House.

The Rev. Douglass Hoeff became a member of the board in October, 1917, and by his good judgment and wise views furthered the Cathedral project with all his heart.

All three of these former trustees deserve the appreciative thanks of this Convention.

The Hon. T. J. C. Williams was elected to succeed John Glenn, Jr., the Hon. Phillips Lee Goldsborough to succeed William W. Chipchase, and the Rev. Ambrose Henry Beavin to succeed the Rev. Douglass Hooff.

The terms of the following trustees expire with this Convention; the Rev. Edwin Barnes Niver, D. D., the Rev. Ambrose Henry Beavin, and Messrs. Joseph Packard, LL. D., Blanchard Randall, T. J. C. Williams and Phillips Lee Goldsborough.

Respectfully submitted on behalf of the trustees.

Secretary.

(Journal, p. 12.)

THE BISHOP OF MARYLAND AND THE TRUSTEES OF THE HANNAH MORE ACADEMY:

Gentlemen: The school opened on the 22nd of September with a full corps of teachers, eighty-one boarders and three day pupils. Since then we have lost two and gained three, giving us at present eighty-two boarders and three day pupils.

During the summer one of the small dormitories was altered for the accommodation of younger children, more of whom were being offered us than usual. We thus made arrangements by which seven little girls under twelve years of age might be put to bed earlier than the others, in a room by themselves, and so get the extra sleep necessary at that age. Besides making this change, the usual yearly touches in the way of paint and paper were given where most necessary. A new furnace has been installed in St. Michael's Church, the old one being completely worn out. In fact, machinery of various kinds is giving way at present, making this a very expensive year.

Richleigh is rented to most desirable tenants, but there also has been a heavy bill for repairs to the furnace, besides having been obliged to paint the house on the outside and do some papering inside. It still needs a great deal done to it, but it will have to wait until more funds are forthcoming.

Our crops were not as good this summer as a year ago. Potatoes were a failure, and the cool, wet weather seemed to affect other crops as well.

The school year so far has been exceedingly pleasant. There has been uncommonly little sickness and few untoward incidents. About the usual number of girls are preparing for college, and the usual things are being done in the usual way, all promising a very successful year.

Respectfully submitted,

MARY S. BLISS.

APPENDIX TWELVE

REPORT OF ST. JAMES' SCHOOL, 1920

(Journal, p. 12.)

St. James School reassembled after the Christmas holidays, January, 1920, crowded to its capacity. The enrollment was sixty-nine. Hardly had the winter term begun when it developed that one of the boys had scarlet fever. The school was closed for a period of ten days. The time lost was more than made up by running an extra day each week and by postponing the commencement to June 15th. The scholarship throughout the year was unusually good, due to the inspiration of a very strong teaching staff. In the College Entrance Board Examinations the results were most gratifying. In sports the school took a very prominent place in the athletic world, due to the work of the Athletic Director, Mr. Stark. There were no weak links in the faculty. Every master was a man of experience in secondary school work. The school, however, suffered a severe loss in the death of Mr. Paul Kendig. Mr. Kendig came to St. James from St. Luke's School, Wayne, Pennsylvania, where he had been for more than twenty years. Although he had been at St. James for a very short time he was greatly beloved, and his death came as a terrible shock. At the memorial service to Mr. Kendig held later in the year, Mr. Strout, the Head Master of St. Luke's School, made the address. Two other members of the faculty of St. Luke's and several of St. Luke's boys were also present.

At the combined meeting of the trustees of the school and the Diocesan Committee on Askings and Grants of the Nation-wide Campaign, the sum of \$10,000, which was asked for the school, was appropriated. This sum was to be used for general improvement to the property, the remodeling of a hall for a new dormitory, and to build a much needed infirmary. This infirmary was to be a memorial to the late Mr. Henry W. Keating. Unfortunately the excessive cost of labor and building material made it impossible to build an infirmary. The new dormitory, known as Maddox Hall, was completed in time for the opening of the school. It is occupied by the younger boys, who come under the direct influence and care of one of the house mothers. The dormitory is a model of its kind. The other dormitories were renovated and put in splendid condition. A large room, capable of holding six hospital beds and the necessary hospital equipment, was remodeled for an infirmary. Except for contagious diseases, the room

satisfies the present needs of the school. Several beds have been installed as memorials to boys who fell in the Great War.

As a result of these improvements the physical condition of the school is thoroughly up-to-date, and the boy's dormitories are especially attractive. The crying need of the school is more room. Had not the tuition of the school been raised, every available space would have been filled by the middle of July. As it was, the Head Master could not consider further applications after the opening of the school in September, and a number of applications were referred to other schools. At the meeting of the trustees in June ten partial scholarships were established, five of them to be awarded by the Bishop of Maryland and five by the Head Master. The spirit of the school is unusual. Athletic teams which visit the school all remark upon this feature. Many interesting incidents of school spirit could be mentioned; for instance, whenever servant trouble arises, the entire school is quick to volunteer to relieve the situation. By reason of the new dormitory, the capacity of the school has been increased to seventy boys. There were no changes in the personnel of the faculty. Two additional teachers were engaged. The home life continues to be a very positive feature of the school. The present needs are more quarters for boys, a larger assembly room and additional class rooms.

Respectfully submitted on behalf on the Head Master and trustees,

S. HILTON ORRICK.

APPENDIX THIRTEEN

THE FIRST ANNUAL REPORT OF THE MARYLAND HOME FOR FRIENDLESS COLORED CHILDREN.

(Journal, p. 12.)

A resolution was adopted at the last Convention taking over the Maryland Home for Friendless Colored Children as an institution of the Diocese of Maryland and electing a board of managers to conduct its affairs.

The Board was organized and elected the following officers: Rev. Philip Cook, D. D., chairman; Rev. George F. Bragg, Jr., D. D., vice-chairman; E. Allen Lycett, treasurer; J. Frank Turner, secretary.

Sixty-one children have been cared for during the year. Beside caring for the orphans, the Home has rendered helpful service in giving its good influence and training to quite a number of small boys, whose mothers by reason of their domestic employment were unable to properly care for them. These mothers contribute weekly the amount required of them by the board, which shows a considerable total in the treasurer's receipts. The income thus derived was of considerable assistance in the maintenance of the institution. Besides the day school and the religious training, supervised by the Chaplain, Rev. Dr. Bragg, the boys are systematically trained in farm and household work, by the Superintendent, Rev. Mr. Livingston, and his wife.

Dr. Cook earnestly recommended that the Home be enlarged and improved by adding to the present building, renovating and improving the old structure, getting a better and safer water supply by connecting up with the Catonsville Water Co., putting in a new heating system and improving the school equipment, thereby enlarging the scope and usefulness of this much needed institution.

Because of the high cost of labor and material the board thought it unwise to begin this work until a short time ago. Work has now begun, and Bishop Cook's suggestions will be carried out as far as our finances will permit.

The most important and the most needed recommendation of Bishop Cook is the building of an addition to the Home. The board finds difficulty in carrying this plan out, as they have not sufficient funds.

During the year one bequest of \$95 was received from the estate of Alexander Hemsley.

The treasurer reports receipts from all sources for the year to be \$6,051.68.

Disbursements for supplies, salaries, coal, interest on mortgage, furnace and improvements amount to \$5,157.15.

This leaves a balance of \$1,248.89.

Receiving the indorsement of this Convention, it is earnestly hoped that the generous friends of the colored people may find some way to assist the board in speedily realizing a work so necessary for the success of the general work among the colored race, which has been specially committed to this board.

After his consecration as Bishop of Delaware Bishop Cook resigned.

Upon the nomination of the Bishop, Rev. W. Page Dame, D. D., was elected to succeed Bishop Cook as Chairman of the Board, subject to the approval of this Convention.

The terms of the following members of the board expire with the adjournment of this Convention: George B. Murphy, Robert H. Pennington and E. Allen Lycett.

The board offers the following resolution:

Resolved, That the election of Dr. William Page Dame for the unexpired term of Bishop Cook be confirmed. That Messrs. George B. Murphy, Robert H. Livingston, E. Allen Lycett, and Baltry Barton be elected for three-year term, and Mr. Nathaniel D. Sollars be elected to a vacancy for one year on the board.

Respectfully submitted,

WM. PAGE DAME,

President.

J. FRANK TURNER, *Secretary.*

APPENDIX SIXTEEN

REPORT OF DEPARTMENT OF MISSIONS AND CHURCH EXTENSION.

(Journal, p. 13.)

The Department of Missions and Church Extension of the Diocese of Maryland met for organization on March 3. The Bishop explained the duties of the department, announced the chairman, and under the by-laws the Rev. Dr. Helfenstein, secretary of the Executive Council, became secretary. Sub-committees were appointed to make investigations on the ground and report upon several new fields and claims. A Standing Committee on Church Extension was resolved upon, and a committee was appointed to draw up the by-laws for the department.

The rural missionary explained the plans for the convocation system to take the place of the former archdeaconries, and secure a continuation of these meetings for conference and instruction.

The Bishop spoke of the purchase of lots at Locust Point and of temporary provision for financing the purchase. At later meetings in the spring full reports were received from sub-committees on the Church of the Holy Comforter and surrounding territory, the Holy Evangelist, Canton, and St. Phillip's, Highlandtown. A continuation of the work at the Holy Evangelist, Canton, was recommended; the Rectory of St. Phillip's and adjoining lot were sold for \$6500, and a desirable lot sought in a better location. The work at Holy Comforter was virtually consolidated with the Fell's Point Mission, and \$3600 from the Nationwide Campaign funds recommended to be used for needed repairs and improvements at the Holy Comforter, to be expended under the supervision of the rector and vestry of Christ Church. On the report of Dr. Humphries, a desirable lot on Letitia Avenue and the Boulevard was recommended for purchase for Grace Chapel, Mt. Winans.

In the autumn the department heard reports from the Bishop and the Archdeacon of Maryland of the missionary work of the Diocese from Oakland to Solomon's, showing that practically every post was manned and the field, as a whole, is in a most encouraging condition. The wonderful way in which the rural parishes have met their quotas for the Nationwide Campaign bear witness to the thorough work that is being done in them. Your chairman desires also to speak of the fine spirit and consecrated intelligence of the two archdeacons.

At the last meeting of the department, the Archdeacon of Baltimore reported that he had secured the approval of the Mayor and City Council of the ordinance ratifying the sale of a lot in Highlandtown to the Diocese of Maryland for the erection of a new St. Phillip's Church. This lot is centrally located for service to a large neighborhood, and it is believed will prove of great value to the Church in her work. Reports were received of the status of other work, especially that at St. Helena, Dundalk.

The following motion was passed: The Department of Missions and Church Extension recommends to the Executive Council of The Diocese that they give consideration to paying to the General Church the full quota of the year 1920.

Respectfully submitted,

ARTHUR B. KINSOLVING,

*Chairman of Department of
Missions of Church Extension.*

APPENDIX SEVENTEEN

REPORT OF THE DEPARTMENT OF RELIGIOUS EDUCATION

(Journal, p. 13.)

The Department of Religious Education has held four meetings. At the March meeting the Bishop read extracts from the Canon creating the Council, and also from the by-laws of the Council itself, that the members of the Department might know their duties and responsibilities.

Certain by-laws proposed by the chairman, the Rev. Dr. Cook, were considered and adopted. The chairman nominated Miss Millikin for membership in the department and she was elected.

Out of five commissions proposed for appointment, two have been formed. These are the Commission on Daily Vacation Bible Schools and the Commission on the Work of the Church Schools.

At the May meeting the chairman called a combined meeting of the Department of Religious Education and the two Commissions. At this meeting the Commission on Daily Vacation Bible Schools gave a little history of the work of the schools for many years back. Both commissions were then asked to attend the regular meeting of the department, which took place immediately.

At this session the department agreed to ask the Bishop and Council for \$500 towards the support of the Daily Vacation Bible Schools. This was granted, and with contributions from clergymen (chiefly those interested in the schools held in their parishes) amounting to \$380, and with a gift from the United Women of Maryland of \$285, and \$60 from individuals, made a total of \$1225. With this amount nine Daily Vacation Bible Schools were held by that commission of the department. These schools enrolled 878 children, with an average attendance daily of more than half.

The department cannot speak too strongly of the opportunity offered through these schools to the children of our city, who otherwise would be left on the street in vacation time, following their own devices and any other offered to them, but are now gathered in these schools, under Bible training and manual work five days in the week. It is a work of wonderful promise, and we wish that more would be opened in the Diocese, both in Baltimore and outside.

The Commission on Work in Church Schools reports that last year 38 parishes in the Diocese were studying the Christian Nurture Series of Lessons. Of these, 33 parishes were represented in the Church Normal School. 345 teachers in the Diocese were following Christian Nurture material, and of these 284 were enrolled in the Church Normal School, with an average attendance of 145. Eight cycles of three sessions each, in three different centers, were held.

The second annual conference on Church Normal Schools was called for June 10th in the parish house of Grace and St. Peter's Church, the Rev. Philip Cook, D. D., presiding. Action was taken as follows:

The following Advisory Board of five were elected to have entire charge of the Normal School: the Rev. B. B. Lovett, D. D., the Rev. H. P. A. Abbott, D. D., Mr. G. Warfield Hobbs, Dr. Henry S. West, Miss Helen L. Fletcher.

Through the Archdeacon of Maryland the Church School problem is reached and helped, but as a department we should be doing more to help those who so very much feel the lack of inspiration gained, as well as very real help given, through contact with one another in the Normal School. We find that one criticism coming from a distance says that the Christian Nurture Series of lessons required that the teachers must have assistance, and in parishes too far removed from the Normal School it must be given by the rector. This takes his time from other parish work. The secretary stands ready to help if application be made, but, of course, continuous study like that given in the city is impossible to arrange. However, several conferences could very easily be handled, also district centers of study. Through the office, arrangements were made for conferences held in Hagerstown and Frederick in November. A field secretary, Mrs. John Loman, provided by the Provincial Board of Religious Education, held these conferences.

We are also considering what is known as "Sunday School by Post." This has not yet been worked out by the department to the presiding Bishop and Council, but our Diocese seems to be very much in need of such a scheme, and we hope soon to plan for correspondence work, when those in the rural sections who cannot attend the Church School regularly may have lessons in their homes.

The office has sent out statistical blanks from the Department of Religious Education of the presiding Bishop and Council, the Provincial Board of Religious Education and our own Diocesan Department. Through these we hope to get the true status of our schools.

On Saturday, May 1st, the 17th annual session of the Church School Institute was held in the Parish House of Memorial Church. After two stirring addresses and reports from several of the faculty of the Church Normal School, supper was served and followed by other fine addresses. The next day, Sunday, May 2d, the presentation service of the combined church schools was held at the Church of St. Michaels and All Angels

For this service application was made to the office for 1020 badges for the delegates from the various schools. While our remote schools could not send delegates to this service because of the distance, *all* were asked to join in the effort to accumulate the largest church school offering in the history of the Diocese, and to this end *all* the schools were notified, but only fifty-eight enlisted.

At a meeting of the department, a motion was made and carried that all money contributed for the five-fold work suggested by Christian Nurture lessons be used as a basis upon which records are made for presentation day. This will, of course, go into effect this year.

Bishop Cook has certainly set a precedent in our Diocese for this service, and we are hoping to carry the effort forward this year. We trust all schools will make application for their Lenten boxes immediately to the Church Missions House, New York.

At the October meeting the Department, anticipating the resignation of Bishop Cook as a member of the Council and automatically of this Department—said resignation being presented at a meeting of the Council a little later—expressed its appreciation of the faithful and efficient work done by Dr. Cook as head of the department, and the Secretary of the Council was instructed to so communicate with Bishop Cook. Bishop Murray then appointed Mr. Samuel Shoemaker a member of the department, chairman *pro tem*.

JANE MILLIKIN,
Secretary.

APPENDIX EIGHTEEN

(Journal, p. 13.)

REPORT OF THE DEPARTMENT OF CHRISTIAN SOCIAL SERVICE.

The Department of Christian Social Service begs leave to report: Five regular meetings of the department have been held during the Convention year.

At the opening meeting on March 4, 1920, the Bishop read extracts from the canon creating the Council and Departments, and from the by-laws defining the duties and scope of work of the department. Under the inspiration of the chairman, the Rev. Hugh Birckhead, D. D., the following general policy of work was determined upon: (1) that an attempt should be made to bring before the people of the various parishes and congregations social service needs, and the necessity for co-operation with existing charitable and philanthropic agencies; (2) that a full investigation should be made of all questions touching labor, leading up to an authoritative pronouncement to the public; (3) that information on great social and kindred questions should be given to the public through mass meetings; the aim being the wise, sane and effective education of the people in such matters. In pursuance of this general policy, the following sub-committees were appointed:

(1) *On Social Propaganda in Parishes*.—Mr. Horace Whitman, chairman; the Rev. Hugh Birckhead, D. D., Mrs. Julius Freeman, Miss Mary E. Goodwillie, Mr. Carlyle Barton and the Rev. Charles E. Perkins.

(2) *On Labor and Legislative Problems*.—Mr. Blanchard Randall, chairman; Miss Kate McLane, Mr. John H. Ferguson, Dr. George R. Barnett and Dr. Henry Barton Jacobs.

(3) *On Public Meetings*.—The Rev. Hugh Birckhead, D. D., chairman; Mrs. Julius Freeman and Mr. Carlyle Barton.

At this first meeting of the department, the personnel of membership was constituted as follows: From the Executive Council—Rev. Hugh Birckhead, D. D., chairman; Mr. Blanchard Randall and Dr. Henry Barton Jacobs. Members appointed from at large—Mrs. Julius Freeman, Miss Kate McLane, Miss Mary C. Goodwillie, Mr. Horace Whitman, Mr. Carlyle Barton, Dr. George A. Barnett, Rev. Charles E. Perkins, Mr. John H. Ferguson and Mr. Albert C. Bruce.

* Realizing the need of giving our Christianity definite and systematic expression in organized work for others, the department of Christian Social Service of the Diocese of Maryland desires to have a record of the work pertaining to social service performed in the various parishes. It is therefore requested that those who are rendering services through any of the organizations shown below will please indicate by a cross-mark such organization, or by a circle the organization through which they are willing to render services. In the event that social service is being performed outside the list, such services should be indicated in the blank lines below the list.

Parish.

The department, through its secretary, is engaged at the present time in districting the City of Baltimore into parochial groups for the study of social conditions, the object being that the social service responsibility for the Episcopal community should be placed upon the parishes in the community. This service is not to be limited to what is usually understood as "Welfare Work."

At the meeting on January 13, 1921, a communication was read from Dr. John S. Fulton, Secretary of the State Department of Health, asking for assistance in securing from Congress continuance of appropriation of funds for Public Health Service in the free treatment of venereal disease. This communication was received favorably by the department, and the executive secretary was requested to write letters to the senators and congressmen from Maryland recommending the advisability of such appropriation.

During the year the department has had the good fortune to be personally addressed by the Executive Secretary of the Family Welfare Associ-

ation, and Dr. Charles N. Lathrop, Executive Secretary of the Department of Christian Social Service of the Presiding Bishop and Council.

In conclusion, the department would register its recognition and appreciation of the Christian social service work which is being prosecuted in the routine of the average parish church. The church schools, the men's, women's and children's organizations of all our churches are actively interested in the physical, mental and moral welfare of their related memberships, and are accomplishing results, day in and day out, inconspicuously but most really, fully commensurate with the efforts expended. In this connection, the clergy are the leaders within their respective areas of influence; and their painstaking devotion to duty, in the face of accumulated and differentiated obligations, is deserving of the highest praise and commendation.

Respectfully submitted, on behalf of the Department of Christian Social Service.

H. P. ALMON ABBOTT,
Chairman.

FINANCIAL REPORT.

NATION-WIDE CAMPAIGN: Executive Council on the Diocese of Maryland and other Funds.

The collection of the Nation-wide Campaign quota of \$280,826 began on January 1, 1920. Of this amount 52 per cent. was to be sent to the General Church in New York and 48 per cent. to be retained in our own Diocese. Of the assigned quota there had been received to December 31, 1920, the sum of \$258,110, an amount five times greater than ever before had been collected for the General Church and the Committee of Missions combined.

The total amount received by the General Church from Maryland was \$135,123, leaving a deficit of \$7,542, which we confidently believe will be fully met by the payment of 1920 arrearages during the month of January.

The amount received by the Diocese from the Nation-wide Campaign Fund amounted to \$119,136. After paying out the amounts enumerated in the Disbursement Account, there is a balance in cash of \$24,261.53 and a further amount of \$11,667, which was borrowed to reduce the loan on the

Diocesan House, thereby saving interest. The amount paid in grants, \$33,429.21, together with cash, \$24,261.53, and credit item, \$11,667, will allow a payment of about 94 per cent. on the list of grants.

The new Diocesan House, 409 North Charles Street, was purchased with all its contents for \$42,000, subject to mortgages of \$19,000. The sum of \$25,000 was borrowed to pay the difference, and to make alterations to suit the purposes of the work.

The Madison Avenue property, being the old Diocesan Headquarters and Library, was sold for the sum of \$21,000, the amount of \$4,000 being paid in cash and a purchase money mortgage being given for the difference.

This cash deposit was used to reduce the mortgage on the Charles Street property to \$15,000, while the interest from the \$17,000 at 6 per cent. will liquidate the interest of \$15,000 mortgage and 5,000 still unpaid on the loan of \$25,000, these charges being at the rate of 5 per cent.

There remains at the present time a liability on the Charles Street property of \$20,000, and an asset of \$17,000 from the Madison Avenue sale.

Respectfully submitted,

ARTHUR BOEHM,
Treasurer.

APPENDIX TWENTY

REPORT OF THE COMMITTEE ON THE CHURCH BOOK STORE

(Journal, p. 17.)

The Committee on the Church Book Store has considered various means of bringing the Book Store into prominence—such prominence as it deserves. After deliberating upon the possibility of placing the store in the basement of the Diocesan House, the only concession that has thus far been accorded is the placing of a small sign in the vestibule. This directs those who read to the location of the store.

A committee was appointed to ascertain if another location downtown could be secured. The committee reported unfavorably.

Your committee begs this Convention to take up the whole question from the point of view of giving publicity to the Church's publications. A discussion of the entire subject may have the effect of revealing to the Convention or to the committee some person who may be in a position to take this business in hand and push it to a conclusion that will commend itself to the Church and to the Community.

Mr. Ethan Allen Lycett presents to us the following report:

August 1, 1919, to July 31, 1920.

APPENDIX TWENTY-ONE

REPORT OF THE COMMITTEE ON CANONS AND OTHER BUSINESS No. 1.

(Journal, p. 17.)

The Committee on Canons and Other Business begs leave to report that the new edition of the Compilation, ordered by the Diocesan Convention in 1917 and delayed by the action of subsequent Conventions, will soon be published. Three hundred copies will be bound in cloth and sold at \$1.50 per copy, and four hundred copies will be bound in paper and sold for \$1.00 per copy. They will be placed for sale at the Diocesan House in charge of the Executive Secretary.

Respectfully submitted on behalf of the Committee,

ARTHUR CHILTON POWELL,
Chairman.

APPENDIX TWENTY- TWO

REPORT OF THE COMMITTEE ON CANONS AND OTHER BUSINESS NO. 2.

(Journal, p. 17.)

The Committee on Canons and Other Business begs leave to report that it recommends the adoption of the resolution offered by the Rev. Dr. Powell pertaining to the repeals of Article IV of the Plan of Cathedral Foundation, because it is impractical and is now inoperative, and offers the following resolution:

Resolved, That Article IV be and is hereby repealed, and that Article V be numbered Article IV.

Respectfully submitted on behalf of the Committee,

ARTHUR CHILTON POWELL,
Chairman.

APPENDIX TWENTY-THREE

REPORT OF THE COMMITTEE ON CANONS AND OTHER BUSINESS NO. 3

(Journal, p. 17.)

The Committee on Canons and Other Business begs leave to report that it does not recommend the adoption of the resolution offered by the Rev. G. Berkeley Griffith, which proposed an Amendment to Canon VIII, Sec. I, so that nominations shall be made for seven clergymen and seven laymen for the Executive Council, six of whom in each order shall be elected by the Convention to constitute the Council, together with the Bishop.

Respectfully submitted on behalf of the Committee,

ARTHUR CHILTON POWELL,
Chairman.

APPENDIX TWENTY-FOUR

REPORT OF THE TREASURER OF THE MARYLAND COMMITTEE ON CHURCH PENSION FUND

(Journal, p. 19.)

During the year ended December 31, 1920, pension premiums amounting to \$17,850.27 were paid for account of 112 of our clergy serving in the Diocese of Maryland. This number exceeds by five the number for whose account premiums were paid in the preceding year. The increase in number is due to resignations and successions, rather than to a permanent enlargement of our clergy staff.

The increase in premiums paid, as compared with 1919, is \$2,622.72, and this is due altogether to the increase in salaries made generally throughout the Diocese during the past year. Of the total premiums, the Diocese paid \$7,961.51 and the Parishes paid \$9,888.76, and I am pleased to add that the full amount is in hand, so that our hundred per cent. record still stands unbroken.

The Secretary of Church Pension Fund advises me that the premiums received from the whole Church for 1920 show an increase of \$107,000 as compared with 1919, which is due to the gratifying increase in salaries of over \$1,000,000.

Assuming that the free use of a rectory is equivalent to an addition of one-sixth to the salary paid to a clergyman, the salary list of the Diocese, on a full time basis, amounts now to \$249,608 per annum, which yields an average compensation of \$2,354. On a territorial basis, the average works out as follows: Convocation of Annapolis, \$1,722; Convocation of Cumberland, \$1,822; Convocation of Towson, \$2,026; Convocation of Baltimore, \$2,745.

In 1920 one of our clergy was granted a retirement pension of \$600 per annum, and one grant of \$450 was made to the widow and children of another who died in service in April last.

At the present time the following pensions, granted by the Church Pension Fund to this Diocese, are in force, viz.:

Retirement pensions, 3 at \$600.....	\$1800
Disability " 1 at 600.....	600
Widows " 3 at 300.....	900
Children's " 1 at 100.....	100
" 1 at 50.....	50
	<hr/>
	\$3450

In addition to the above are the 23 annuities granted under the Maryland Fund for Superannuated and Disabled Clergymen, which amounted at the time of my last report to \$8,020.

Respectfully submitted,

COMMITTEE ON CHURCH PENSION FUND,

CHARLES O. SCULL, *Treasurer.*

The Committee on Metes and Bounds of Old Parishes reports that no meetings were held during the Convention year, as no business was referred to the Committee.

THE CHURCH HOME AND INFIRMARY

NORTH BROADWAY, BALTIMORE.

This institution of the Church has been doing its beneficent and charitable work for more than fifty-four years. It has two distinct characters and lines of work:

I. Church Hospital,

where those requiring surgical or medical attendance can, at reasonable rates, obtain comfortable rooms, careful nursing and the service of any physician whom they may engage; and it is also

II A Home for the Aged and Invalid,

where may be enjoyed the comforts and privileges of the Church. There are daily services in the Chapel. The Church Home is supported in the following ways:

1. Partly by churches in Baltimore, which engage to contribute a certain sum for the year, and which have the right to place a patient in the wards for every \$200 annually contributed. In this way some Baltimore churches keep one, or two, or more beneficiaries in the Home. Any church or congregation may make use of the opportunity thus afforded to provide for the care of the sick for a longer or shorter time.
2. Partly by endowment and income from invested funds.
3. Partly by receipts from pay patients.

The Bishop is Visitor of the Church Home.

The Church Home opens its doors freely to the clergy of Maryland who may need its care. Bishop Lay was nursed here in his last illness in 1885. Since then two priests of the Diocese of Easton and seven of the Diocese of Maryland have been cared for in their last illness.

Clergymen, churches and individuals may aid in this good work:

1. By making the existence and the advantages of the Church Home known, so that those who may have to come to the city for surgical care, etc., may avail themselves of the advantages it offers.
2. By sending the sick and aged, and providing for their support.
3. By an occasional offering in church or by private donations.
4. By engaging to support a *Free Bed*, with the privileges of nominating the patient.
5. By testamentary bequests to "The Church Home and Infirmary of the City of Baltimore."

The Convention of the Diocese of Easton has requested an Annual Offering for this institution from every congregation in the Diocese.

Will not some of the congregations in Maryland do this without request of the Convention?

THE MARYLAND CATHEDRAL

PLAN OF CATHEDRAL ORGANIZATION

Under the general powers conferred by the Resolutions of the Convention of the Diocese of Maryland in the years 1908, 1909 and 1910, the Trustees of the Cathedral Foundation hereby adopt a Plan of Cathedral Organization.

I. THE CHAPTER.

Since the title to all property, real and personal, belonging to the Cathedral Foundation is vested in the Convention of the Protestant Episcopal Church of the Diocese of Maryland, the Convention itself constitutes to all intents and purposes the ultimate governing body.

The Trustees, six Clerical and six Lay, together with the Bishop and Bishop Coadjutor of the Diocese, are, by the resolutions above mentioned, possessed of the executive function of a Cathedral Chapter.

II. THE DEAN AND CANONS.

The Chapter may, upon nomination by the Bishop, elect a Dean, such nomination being made at a regular meeting of the Chapter preceding the regular meeting at which the election is held. Until a Dean is elected, or in case of a vacancy in the office, the Bishop shall act as Dean. The Dean shall have spiritual supervision of the worship and work of the Pro-Cathedral Congregation.

The President of the Standing Committee shall be, ex officio, an Honorary Canon of the Cathedral.

Two Canons may, upon nomination of the Bishop of the Diocese, be elected by the Chapter, the one to have charge of the Pro-Cathedral Congregation under the direction of the Dean; the other to act as Canon Missioner of the Diocese and to carry on special work under the direction of the Bishop.

Canons Residenciary, not more than four in number, upon nomination of the Bishop, may be elected by the Chapter to serve from time to time as Special Preachers.

III. INTERNAL GOVERNMENT OF THE CATHEDRAL.

The Bishop of the Diocese shall have supreme control of the ritual and ordering of the Cathedral Services.

By a concordat entered into by the Cathedral Chapter and the Rector and Vestries of St. Barnabas' and St. George's Churches the organization of the two congregations as at present existing is to come under the spiritual authority of the Dean and Resident Canon or Canons.

There shall be a Lay Council of the Pro-Cathedral Congregation consisting of eight members which shall exercise all the temporal functions ordinarily discharged by Vestries, except the right to elect a Rector or Assistant Ministers, or to control the property of the Pro-Cathedral Congregation. Within one month after the Pro-Cathedral Congregation has entered in occupancy of the Undercroft to be used as the Pro-Cathedral, the Lay Council shall be elected by the Congregation, and thereafter their successors in office be elected in accordance with the provisions of the Vestry Act as to Easter Monday elections.

IV. ALTERATIONS.

Any provision of the foregoing articles may be altered by the Convention of the Diocese of Maryland, or, if one month's previous notice be given by the Trustees of the Cathedral Foundation, subject in the latter case to ratification by the next succeeding Convention of the Diocese.

CONSTITUTION AND CANONS

OF THE

DIOCESE OF MARYLAND

1921

CONSTITUTION.

ARTICLE 1. There shall be a Convention of the Protestant Episcopal Church in this Diocese,¹ after the year 1920, on the last Wednesday of January in every year, in such places as shall be determined by the Convention, provided that, for special reasons, the Bishop, with the consent of the Standing Committee, may in any year change the day of meeting.²

ART. 2. The Convention shall be composed of Clergymen and Laymen. The Bishop, and Bishop Coadjutor,³ and Suffragan Bishop,⁴ if there be such, shall have a seat and vote in the Convention. Every Clergyman of this Church, of whatever Order, being a settled Minister of some Parish or Separate Congregation, acknowledged as such by this Convention, within this Diocese; or, being a president, professor, tutor or instructor in some college, academy, or seminary of learning, incorporated by law; or being a missionary, under the direction of the ecclesiastical authority of this Diocese, shall be entitled to a seat and vote in Convention, if he has been canonically resident within this Diocese for the space of six calendar months before the meeting of the Convention. *Provided*, that no Clergyman, who has been once entitled to a seat in Convention, shall lose his right to a seat therein by reason of his having ceased, on account of age or infirm health, to have charge of a Parish or to be in the service of a college, academy or seminary of learning, or to be a missionary as aforesaid.

The Laymen shall consist of one Delegate, being a Communicant of the Church in good standing,⁵ from each Parish

or Separate Congregation,¹ chosen by the Vestry thereof, and one or more Delegates, being Communicants of the Church in good standing, from the Cathedral Congregation, chosen by the Lay Council of the Cathedral Foundation; provided that the Cathedral Congregation, when having more than one officiating Minister, who hath been regularly and canonically elected, shall be entitled to send as many Delegates, being Communicants of the Church in good standing, as it has Ministers who are entitled to seats in the Convention.²⁻³

ART. 3. Twenty⁴ members of the Clerical and twenty⁴ of the Lay Order shall constitute a quorum for the transaction of business; but a smaller number may adjourn.

ART. 4. In all matters that shall come before the Convention, the Clergy and Laity shall deliberate in one body; but if, upon any question, it be required by five members, the two Orders shall vote separately, and the concurrence of a majority of each order shall be necessary to give validity to any measure.

ART. 5. The election of a Bishop of this Church shall be made in Convention by a concurrent vote of the Clergy and of the Laity, the two Orders voting by ballots, separately; and when all the votes of both Orders shall have been deposited, the tellers of the Clerical and of the Lay vote, respectively, shall proceed to count the votes, and if among those voted for, one shall be found to have received *a majority in each Order of the votes of those entitled to seats*, he shall be declared duly elected.

Provided, That whenever it shall be proposed to elect a Bishop Coadjutor of this Diocese, notice thereof shall be given at an Annual Convention, and the election shall take place at

the succeeding Annual Convention, or at a Special Convention, called for the purpose.

ART. 6. The Bishop of the Church in this Diocese shall be President of the Convention, in which character it shall be his duty to give to the Convention, as often as he may deem expedient, a general view of the state of the Church; to call special conventions, at whatever times and places he may think necessary; to preserve order during the time of session; to put the question, collect the votes, and declare the decision. He may make any motion which he shall judge conducive to the good of the Church, but shall not enter into debate, and he may deliver his sentiments on any subject, after it has been discussed, before a vote thereon.

ART. 7. In case of a vacancy in the Episcopal Office, the Convention, immediately upon their assembling, shall choose, by joint ballot, a President, from among the Order of Priests, who shall remain in office until the next election of a President. He shall perform all the duties and possess all the privileges above specified; but he shall not call special meetings of the Convention, unless applied to for that purpose by a majority of the Standing Committee; but if at any time there shall be no President, the Standing Committee shall have power to call a special meeting of the Convention when deemed necessary.¹ And if, while there is a Bishop in this Church, he shall not be present at any meeting of the Convention, they shall elect, in the manner aforesaid, a President *pro tempore*.

ART. 8. A Secretary shall likewise be chosen, immediately upon the assembling of the Annual Convention, by a joint ballot; who shall remain in office until the next election of a Secretary. If but one is nominated, the ballot may be dispensed with.² His duty shall be: To make minutes of their proceedings; to preserve their journals and records; to attest the public acts of the body; and faithfully to deliver into the hands of his successor all books and papers relative to the concerns of the Convention, which may be in his possession,

¹ This Clause adopted 1885, p. 32.

² Added in 1866, p. 12. 1865, p. 7.

It shall be his duty to notify, through the channel of such public papers as he may think proper, the time and place appointed for the meeting of the succeeding Convention.

ART. 9. Before the adjournment of each Annual Convention, a Standing Committee, consisting of eight members,¹ shall be chosen, of whom four shall be chosen from among the Order of Priests and four from among the Order of the Laity, by a joint ballot of the Clergy and Laity, and if a vacancy shall occur by death, removal, resignation or otherwise, the remaining members, or a majority of them, shall be authorized to fill such vacancy; always supplying the vacancy by one of that order in which the vacancy shall have occurred. In all elections of committees, by joint ballot, no member of the said committee shall be elected, unless he shall receive a majority of the votes of all the attending members.

ART. 10.² Every Parish and separate Congregation within this Diocese shall be entitled to the entire benefit of this Constitution as soon as it shall have signified its ratification thereof, either in writing, or by sending a Lay Delegate to the Convention; and such Parish and separate Congregation shall thereafter be benefited and bound, equally with the other Parishes and separate Congregations in this Diocese, by every rule or canon which shall be framed by any Convention, acting under this Constitution, for the government of this Church in ecclesiastical concerns.

ART. 11. This Constitution shall be unalterable except in the following manner: A proposition for any change shall be introduced in writing and considered in Convention; and, if approved of, the same shall be transmitted to the several Vestries of the Parishes and separate Congregations which shall have ratified this Constitution. And, if again approved of in the next ensuing Convention, by a majority of the respective Orders, voting thereon separately, the change shall take place and the Constitution so altered shall be valid and obligatory.

THIS DIOCESE.

CANON I.

Of the titles of Clergymen to seats in Convention.

No Clergyman removing from another Diocese into the Diocese of Maryland shall be entitled to a seat in the Convention, as having been regularly and canonically elected into a Parish or separate Congregation, unless it shall have been signified to the Secretary of the Convention by the Bishop; or, in case of a vacancy in the Episcopal Office, by the President of the Standing Committee, that he had obtained from him a certificate of his Episcopal ordination and religious character; nor, unless the Bishop or President, shall have received from the Vestry and transmitted to the Secretary the certificate required by the 14th Canon of the General Convention of 1904. In the case of a Clergyman canonically resident in the Diocese, elected into a Parish or separate Congregation, he shall be required, immediately after his acceptance of the appointment, to transmit to the Bishop a certificate from the Wardens and Vestry of the said election. No Clergyman shall have a seat in the Convention, as an instructor of youth in any seminary of learning, till he shall have produced to the Convention a certificate from the Rector and Vestry, and if there be no Rector, from the Vestry

of the Parish in which it is situated or of some separate Congregation within such Parish, acknowledged as such by the Convention, that he is so occupied. No Clergyman shall be entitled to a seat in the Convention as an infirm Clergyman unless he shall produce a certificate from some respectable physician that his state of health unfits him for the active duties of the ministry, and there be evidence that, at the time his health became infirm, he was entitled to a seat in the Convention.

Canon V, 1835. Amended, 1847, 1863.

CANON III.

Of the Secretary of the Convention.

SECTION 1. In addition to the duties assigned to the Secretary by the Constitution, it is hereby made his duty to transmit annually to each of the Bishops of the Protestant Episcopal Church in the United States and to the Secretary of the last House of Clerical and Lay Deputies of the General Convention and to the Secretary of every Diocesan Convention, a copy of the Journal of the Convention, and he shall request the last to send copies of their respective Journals in exchange.

SEC. 2. He shall also transmit to each General Convention a certificate of the appointment of Clerical and Lay Deputies, and do such other acts as may be from time to time required

of him by authority of the General or Diocesan Convention.

SEC. 3. It shall be the duty of the Secretary of the Convention on or before the first day of July next preceding each triennial meeting of the General Convention to prepare and forthwith forward to the Secretary of the House of Deputies of the General Convention, upon the blanks provided by the General Convention for that purpose, a condensed summary of the statistics contained in the Parochial Reports and Bishop's Statements, with information as to all institutions in any way connected with the Church within the Diocese, and also as to the condition of all invested funds and the amount of all contributions received or expended by the Bishop or otherwise, within the Diocese.

Canon, 1873. Amended, Journal, 1917, p. 20.

CANON IV.

Of the Treasurer of the Convention.

SECTION 1. At every Annual Convention there shall be elected a Treasurer of the Convention, who shall remain in office until a successor be appointed.

SEC. 2. It shall be his duty to receive all money collected under the authority of the Convention for actual Convention Expenses and Salaries, and to disburse the same under its authority. He shall render his accounts annually to the Convention, which shall be audited by a Committee acting under its authority. In case of a vacancy in the office of Treasurer by death, removal from the Diocese or by resignation, the Bishop, with the advice and consent of the Standing Committee, shall have power to appoint a Treasurer to act until an appointment is made at the next succeeding Convention.

CANON V.

Of Provision for Defraying Certain Expenses.

The Vestry of each Parish or Church and Advisory Board of every Mission, or the minister in charge thereof, shall, on or before the first of May of each year, pay to the Treasurer such sums as may be required from them respectively by resolution of the Convention from time to time for the purpose of paying the salary of the Bishop and Bishop Coadjutor,¹ and Suffragan Bishop, if there be such, the traveling expenses of the Standing Committee and the Delegates to the General Convention, and to the Provincial Synod; printing the Journal; compensation to the Secretary and other incidental expenses of the Convention, and such other appropriations as may be made by resolution of the Convention.

¹ See note 3, p. 3.

Canon XII, 1835. Amended, 1847, 1863, 1873, 1885, 1914.

CANON VI.

Of Parochial Reports.

In case of the absence of the Bishop from any Convention, the reports which are required to be delivered to him by the 47th Canon of the General Convention of 1904, shall be delivered to the President of the Convention.

Canon, 1855. Amended, 1887.

CANON VII.

Of the Erection of New Parishes or Congregations.

SECTION 1. No part of a Parish shall separate itself from the residue thereof as a distinct Parish, nor shall any number of members of the Protestant Episcopal Church, in any

Parish, associate themselves as a separate Congregation therein, without first obtaining leave of the Convention, who shall judge of the necessity and expediency of such separation. And leave thus obtained for such separation or association, shall be a guarantee that the parties interested shall, on application, be received into union with this Convention: *Provided*, the Convention shall be satisfied that the Parish or Congregation have a Church edifice, sufficient for the accommodation of a reasonable number of persons, finished or so nearly finished as in the judgment of the Convention to afford a reasonable prospect that it will be completed; and further, that they are not indebted to such an extent as to endanger their stability, and have also a reasonable prospect of self-support. *Provided*, however, that no Parish or Congregation, although constituted with the consent of the Convention, shall be considered as a part of the Protestant Episcopal Church in this Diocese without a strict conformity, on the part of such Parish or Congregation, to the use of the Liturgy of the said Church, nor without a compliance in case of a Parish, with the Provisions of the Act entitled, "An Act for the Establishment of Vestries for each Parish in this State," passed November session, 1798; or, in case of a Congregation, with the provisions of any laws which have been, or may be, passed by the State of Maryland. *Provided*, said laws shall be first accepted by the Convention of this Diocese.

SEC. 2. Persons intending to apply for leave to organize a new Parish, or a separate Congregation, within an established Parish, shall at least three months before the meeting of the Convention to which application is intended to be made, place in the hands of the Bishop, or, if there be no Bishop, of the ecclesiastical authority of the Diocese, a petition for leave to organize a new Parish or separate Congregation, which petition shall be in the proper one of the two forms, numbered I. and VII. of "Forms for the Formation of New Parishes and Congregations." The petition shall be accompanied by a statement of the reasons why leave to organize a new Parish or Congregation is asked; and by an

affidavit of the person or persons who set up or gave the notice or notices required by the Instructions for the Formation of new Parishes or Congregations, which affidavit shall show that the notices were set up or given as required by the said Instructions; and a petition for leave to organize a new Parish shall also be accompanied by an accurate map, showing the metes and bounds of the proposed new Parish and of the Parish or Parishes from which it is proposed that it shall be taken; and also the location of the Churches and Chapels within these Parishes; and it shall be the duty of the Bishop, or ecclesiastical authority, to send all such petitions, statements and maps, at least sixty days before the meeting of the Convention, to the Committee on the Admission of new Parishes and Congregations, which was appointed at the previous session of the Convention, which Committee shall hear and consider all such applications before the meeting of the Convention and make report thereon to such Convention.

SEC. 3. A Parish or Congregation applying for admission into union with the Convention of the Diocese, shall, at least three months before the meeting of the Convention to which the application is to be made, place in the hands of the Bishop, or of the ecclesiastical authority of the Diocese, a petition for admission into union with the Convention, which petition shall be in the proper one of the two Forms numbered V. and X., of Forms for the Formation of New Parishes and Congregations, together with the other requisite papers, and it shall be the duty of the Bishop, or ecclesiastical authority, to send all such petitions and papers, at least sixty days before the meeting of the Convention, to the Committee on the Admission of New Parishes and Congregations, which Committee shall consider all such applications before the meeting of the Convention and make report thereon to the Convention.

SEC. 4. Whenever hereafter any Church in union with the Convention, shall neglect for three years in succession to make a Parochial Report, and shall not during the same period have employed a Clergyman as its Parish Minister, such Church shall be regarded as having forfeited its connection

with the Convention and shall no longer have a right to send a delegate to the same. The Bishop shall report such Church to the Convention in his Annual Address. Such Church, however, may be re-admitted upon application to the Convention, accompanied by a report of its condition, and on such terms as shall appear just; such re-admission to take effect from and after the rising of the Convention consenting to such admission.

SEC. 5. No new place of worship shall be established until consent has been given by the Bishop and the Standing Committee.

Amended, 1894, 1897, 1900, 1901, 1907.

Canons of 1793, 1794, 1799, 1803, 1835, 1845, 1847, 1851, 1881, 1886.

CANON VIII.

Of the Executive Council.

SECTION 1. At the Annual Convention in the year 1920, and in each year thereafter, the Convention shall elect, upon the nomination of the Bishop, and in the event of a vacancy in the Episcopate upon nominations made on the floor of the Convention, six Clergymen and six Laymen, who, together with the Bishop, and the Bishop Coadjutor, if any, and the Suffragan Bishop, if any, shall constitute and be the Executive Council of the Diocese.

One of the six Clergymen and one of the six Laymen so elected shall be ineligible for re-election at the Annual Convention next succeeding, and shall remain ineligible for service as members of the Executive Council for a period of one Convention year.

The Executive Council, prior to each Annual Convention, shall, by lot, or by such rule as it may provide, determine which two of its members shall be ineligible for service as members of the Executive Council during the succeeding Convention year.

SEC. 2. The Bishop shall be the President of the Executive Council. Vacancies which may occur in the Executive

Council, when the Convention is not in session, by reason of the death, resignation or removal from the Diocese of any of its members, may be filled by the Executive Council; the Bishop, if there be no vacancy in the Episcopate, having the right to nominate for any such vacancies.

SEC. 3. The Executive Council shall annually elect a Treasurer and a Secretary and from time to time prescribe their duties and fix their compensation; and it may from time to time fill vacancies, select and appoint other officers and agents and fix their compensation and duties. The Executive Council shall make and preserve a full record of all its acts and shall have the right to adopt By-Laws, Rules and Regulations for its government, and the government of its various officers, agents and departments.

SEC. 4. The Executive Council shall have charge of the development and prosecution of the work of Missions, Church Extension, Religious Education and Christian Social Service, and of the performance of such other work as may be committed to it by the Convention, and also of the initiation and development of new work between the sessions of the Convention. It shall also have charge of all receipts and disbursements provided for under its budget or by resolution or authority of the Convention.

SEC. 5. The Executive Council shall organize the following Departments and determine the scope of the work of each Department and provide the manner and means by which the same shall be conducted:

First: A Department of Missions and Church Extension.

Second: A Department of Religious Education.

Third: A Department of Christian Social Service.

Fourth: A Department of Finance.

Fifth: A Department of Publicity.

The Executive Council shall have power to organize such other Departments as it may deem expedient; each Department shall have power to appoint, subject to confirmation by the Executive Council, additional members of its Department who shall have a voice in the Department, but no seat or vote

in the Executive Council. The Bishop shall be ex officio Chairman of each Department.

SEC. 6. The Executive Council shall, on the first day of each Annual Convention, present for approval and adoption a budget for all work committed to it, and for such other work as it may have undertaken or may propose to undertake before the next Annual Convention, and also a statement of the expenses and obligations of the Convention; such budget shall be considered by the Convention on the second day of its session and appropriate action taken thereon. The Executive Council shall have power to expend all money provided in the budget adopted by the Convention for the purposes therein specified, and also any money actually received in any year over and above the amount required for the budget of that year. Each Department shall, at least thirty days before each Annual Convention, present to the Executive Council, for its action, a statement in detail of all matters it desires to have included in the budget for the ensuing year, and all statements so presented shall be considered by the Executive Council and appropriate action taken thereon before the meeting of the Annual Convention.

SEC. 7. The Department of Missions shall have supervision of the mission work of the Diocese and shall devise plans for Church Extension and support and for developing mission interest throughout the Diocese.

SEC. 8. No Mission shall be established nor any Missionary appointed by the Executive Council without the advice and consent of the Ecclesiastical authority of the Diocese.

SEC. 9. The Executive Council shall receive and disburse the Fund for Superannuated and Disabled Clergy, and may at its discretion, out of the current offerings for said funds, give pecuniary assistance to widows and orphans of deceased Clergymen of the Diocese of Maryland.

SEC. 10. It is hereby declared that, in so far as the City of Baltimore is concerned, the Executive Council is intended to be, and shall be considered as the substitute for the City Committee of Missions in Baltimore, referred to in the preamble to the articles of association of the Baltimore City

OF CLERICAL DISCIPLINE.

CANON XI.

Of the mode of instituting Proceedings against Clergymen.

Whenever the Bishop shall, either from his own observation or from any information which he shall deem worthy of notice, have reason to believe that there are grounds for an investigation into the conduct of any Priest or Deacon of this Diocese, for having been guilty of offenses for which he is liable to be tried according to Canon 22, of the General Convention, he may, in his discretion, convene the Standing Committee and lay before them the information in his possession. And whenever the Standing Committee, or a majority

of them, shall, from any information so laid before them by the Bishop or from any other information which they or a majority of them may think worthy of notice, be of opinion that it is proper that a judicial investigation of the conduct of any Priest or Deacon should take place, they shall present that fact to the Bishop, with such a general statement of the facts of the case as may serve for a ground work upon which charges may be drawn. It shall be the duty of the Bishop upon the receipt of such presentment, to cause the charge or charges to be drawn up in such form as will, with reasonable certainty, give to the accused notice of the particular matters charged as offences. This style of charge, or charges, shall be, "Articles, or charges, against ———, exhibited on behalf of the Church to the Bishop of the Diocese of Maryland, by ———, acting as Church Advocate, in consequence of a presentment made to the said Bishop, by the Standing Committee of the said Diocese."

CANON XII.

Of Advocates and of Parties.

Whenever it shall be determined to bring to trial any Clergyman, the Bishop shall appoint one person as Church Advocate, whose duty it shall be to prepare the charges and conduct the trial, on the part of the Church. It shall also be his duty to reduce the charges into form. He shall conduct the case with a single eye to eliciting the truth and shall regard himself as much bound to protect the interests of the accused as those of the church. The Church Advocate shall be considered the party on one side, and the accused on the other. The accused shall have a right to call in any one person whom he may choose to assist him.

Canon XXII, 1835. Amended 1847, 1873. Journal, 1920, p. 15.

CANON XIII.

Of Ecclesiastical Courts.

There shall be an Ecclesiastical Court for the Diocese of Maryland, to try such charges as may be preferred against any Priest or Deacon of said Diocese. It shall be composed of seven Presbyters, not members of the Standing Committee. They shall be appointed by the Bishop, by and with the advice and consent of the majority of the Diocesan Convention, during the present Convention (1847), and biennially thereafter, and shall continue in office until others shall have been chosen in their places, unless sooner removed by a vote of the Convention. The Bishop, by and with the advice and consent of the majority of the Convention, shall have power to fill all vacancies which may occur by such removal or by death, resignation, removal from the Diocese, or election into the Episcopate or Standing Committee. Provided, that whenever any vacancy occurs from any of the aforesaid causes, in the interval between the sessions of the Convention, the Bishop shall have power to fill the same, until the meeting of the next Convention. Whenever a charge or charges against any Priest or Deacon of this Diocese shall have been reduced to writing by the Church Advocate, agreeably to the provisions of the Canons, it shall be his duty to deliver to the Bishop two copies of the same, signed with his own hand. It shall then be the duty of the Bishop to transmit one of the said copies to the accused, together with notice of the time and place of the trial, both of which the Bishop shall prescribe. The charges and notice shall be delivered to the accused or left at his place of abode, at least thirty days before the time appointed for the trial. The Bishop shall also issue a precept, directed to all the members of the Ecclesiastical Court, requiring them, or any five or more of them, to proceed to the trial of the accused at the prescribed time and place, which precept, together with another copy of the charges, signed by the Church Advocate, shall be transmitted by the Bishop to the President of the Court, whose duty it

shall be, upon receipt of the same, to cause all the members of the Court to be summoned to meet at the prescribed time and place. Any five of them who shall attend, in pursuance of such summons, shall constitute the Court. It shall be the duty of the members of the Court to convene, immediately after the election, at a time and place to be appointed by the Bishop and elect, from their own body, a President and Secretary. It shall be the duty of the Secretary, within five days after such election and after every change in the office of President, to notify the Bishop of the name of the person chosen President.

In case of a vacancy in the Episcopal Office, the President of the Convention, for the time being, shall have and exercise all the powers relating to discipline, given to the Bishop by the Canons, except such as belong exclusively to the Episcopal Order.

If the President of the Convention shall himself be the person accused, any two members of the Standing Committee may apply to any Bishop of the Protestant Episcopal Church in the United States, to exercise the powers of the Bishop of Maryland in the particular case, and the Standing Committee shall take the canonical steps for the trial of the accused under the direction of such Bishop.

CANON XV.

Of the Trial of Clergymen.

Upon the trial of any Clergyman upon any charge or charges, both parties shall have a right to summon witnesses

and have reasonable delay, if necessary in the opinion of the Court, to obtain their attendance, and both parties may take depositions, to be used at the trial, after giving to the other reasonable notice of the time and place of taking the same. No accused Clergyman shall be convicted of any offence, except upon the oath of two credible witnesses, or upon the oath of one witness whose testimony is corroborated by pregnant circumstances.

All testimony shall be upon oath, which shall be administered by the President of the Court.

All spectators shall be excluded except the Clergy of the Diocese and the Vestry of the Parish or Congregation with which the accused is connected, and such of the relations and friends of the accused as to the Court may appear proper. The presence of a majority of the members of the Court shall be requisite to the transaction of any business connected with the trial, and on the final question, whether the accused is guilty or not, no member shall be permitted to vote or considered present, who shall not have been present at the delivery of all the testimony during the whole trial and of the defence of the accused, if he have made any. Unless a majority of the members of the Court, entitled to vote on the final question of whether the accused is guilty or not, shall vote that he is guilty, he shall be acquitted. And in no case shall he be found guilty unless at least three members of the Court vote for his conviction.

Of the mode of Compelling the Appearance of an Accused Clergyman.

If any Clergyman, accused of any offence, shall neglect to attend at the time and place appointed for the meeting of the Court which is convened to try him, after due notice given to him, the Court shall report the fact to the Bishop, who shall

suspend such Clergyman from the Ministry for contumacy, until he shall appear and demand a trial. If he apply to the Bishop, within six months from the day on which the sentence of suspension shall have been pronounced, for a trial, a Court shall be convened and the trial proceed in the manner provided for in the Canons. If he shall not apply for a trial within six months, the Bishop shall pronounce sentence of degradation from the Ministry, for contumacy.

If any Clergyman shall be charged with wilfully discontinuing, without lawful cause, the Ministry of this Church, or with separating himself from her Communion, and shall, after having been canonically notified of the time and place of trial, neglect to appear at such time and place, it shall be lawful for the Court, if they think proper to do so, to hear the case in his absence; if the majority shall find him guilty, to report to the Bishop, as if he had appeared, whereupon the Bishop shall proceed to pass sentence.

Canon XII, 1847. Journal, 1920, p. 15.

CANON XVIII.

Of Ecclesiastical Sentences.

If the accused, after canonical trial, shall be found guilty by a canonical majority, the opinion of the Court, together with all their proceedings, including all the testimony taken in the case, shall be transmitted to the Bishop before it is transmitted to the accused or in any way made public. The Court shall also declare to the Bishop the punishment, which, in their opinion, the offence or offences deserve. Should he concur in

opinion with the Court, he may proceed to reprove, suspend or degrade, as the offence may be thought by him to deserve; always provided, that he shall inflict no punishment beyond that recommended by the Court.

A sentence of degradation shall be made known in the manner directed by Canon 31 of the General Convention of 1904.
